HE WILL FIGHT TO THE BITTER END

SO SAYS MR. COLLINS, WANTED IN 'FRISCO

Bay City Authorities Try Another Plan and Have Him Arrested Here for Perjury.

Foiled in their efforts to have George D. Collins, the San Francisco lawyer, arrested in Victoria on a charge of bigamy laid against him in the Bay City, the authorities there have resorted to another ruse to get him back. Bigamy, it was found was not an extraditable offence; something that was would have to be levelled at him. In perjury, the latest count, they think they have hit upon the proper thing, and so far they have managed to score. Up till 11 o'clock last night Mr. Collins was ahead of the game, his move requiring a great deal of checkmating. But at that hour the comprehensive arm of the law embraced him, and he was taken into custody by Detective George Perdue.

When informed by Chief of Police Langley that it was useless for him to arrest Mr. Collins here on the charge of bigamy, the chief of the San Francisco police quickly

Laid an Information

charging the lawyer with perjury. The gravamen of the charge was that in an action for alimony, instituted against him by Charlotte Newman, who claims to be his real wife, he swore that he and the plaintiff were not married on May 15th, 1889, knowing that statement to be untrue. These particulars were telegraphed to Chief Langley, the latter appeared before His Honor Judge Lampman, of the County court, at his residence on Belcher street, and a warrant for Mr. Collins' arrest was issued.

Previous to his arrest a Times representative called upon him at the Driard hotel and heard from him a further recital of the details of what he described as "a base, degrading conspiracy." He spoke just as freely as he did to the Times man early in the afternoon, explaining that as he had not been given fair play by the San Francisco press, he deemed it only right to give his side of the case through channels that were fair and impartial. "The notoriety is very trying to me," he said, "especially as

I Am Entirely Innocent

of the charge against me. For the past two months I have been subjected to the basest treatment with no opportunity to give out my side of the case. The conspiracy against me is the work of a minority, a powerful minority, which includes both bench and bar."

"How did they manage to get an indictment against you?" the reporter asked.

"Ah, there you are," he replied. "The judge who presided over the grand jury that indicted me was a man who would have availed himself of every opportunity to ruin me, because I had him impeached before the governor of the state for conduct unbecoming to the bench—impeachment proceedings that have not yet been decided. Another judge I had taken severely to task in the interests of a client, while a third's antagonism I had aroused by upsetting on appeal so many of his decisions that he accused me of trying to manufacture a discreditable record against him. Then the press never wearied of attempting to create popular prejudice against me. Day in and day out in their news columns they gave publicity to

All Sorts of Stories

about me, and then began to attack me in their editorial columns. They said that a man of my calibre should not be allowed to practice his profession in San Francisco, and that any jury which sent me into disgrace would deserve the commendation of the public. What chance, then, had I in the face of this deliberate and unscrupulous attempt to railroad me to the penitentiary?

"It is manifestly impossible therefore to get a jury in San Francisco that has not been influenced by the seed diligently sown by those enemies of mine. They adopted from the start a policy of intimidation. Furthermore, the fact that I had at times been every active in behalf of the Schmidt administration and had saved them considerable inconvenience and the loss of a great deal of money, angered them and they were ready to make me a target for their enemity, just as they have done other gentlemen. Under ordinary circumstances I would willingly face my accusers in the court, but in this instance that would be folly, because

I Have Been Prejudged.

Of course my conviction would be upset on appeal, but the damage would have been done. Moreover, I would not have been content to take lying down all the abuse that my enemies would assiduously and insidiously heap upon me; I would fight them for all I was worth, and that would keep the trouble up as long as I lived in San Francisco. I, therefore, determined that at the first opportunity I would seek some other country. Years ago I looked towards Canada as a land of many advantages, with the intention of ultimately settling there. I knew I could get a fair show there."

Continuing, Mr. Collins proceeded to show the effects of a policy of blackmail and conspiracy such as that pursued against him. Prominent men, such as Judge Noyes, of Alaska, had lost their official heads through the machinations of an unscrupulous attorney. Of course the position of these men was afterwards vindicated, but the damage had been done—they had been ruined.

"This ceremony in Chicago it was perfectly square and above board, was it not?" asked the reporter. Both Mr. and Mrs. Collins declared emphatically that there was

Nothing Invalid Nor Peculiar

about it. Mr. Collins: it might be explained, went with the lady and her mother to the Illinois metropolis, from San Francisco, for the ceremony. "Our reason for doing this," he said, "was that we decired my wife's brother, who resided in the East, to attend the marriage. He met us at Chicago. Why, I am not a fool nor a knave to open myself to criminal prosecution or the penitentiary for bigamy, and besides I have too much affection for my wife to involve her in such a predicament."

"You said in your paper that we were fugitives from justice," he pursued.

"Not exactly, Mr. Collins," the scribe explained. "It was stated that you were fugitives from justice as administered in San Francisco. There's a difference."

"Well, it might mean anything," he returned. "We were rather fugitives from injustice to put it correctly." Continuing,

He Expressed Surprise

that the San Francisco police did not attempt to overtake him while he was passing through the various coast states on his way North. It would have been easier he said for them to have him brought back on a charge of bigamy while he was within United States boundaries than from foreign soil.

"Were you not under arrest, or even surveillance of some kind?" he was asked.

"Apparently not," he returned. "I left San Francisco in the usual way; I didn't have to sneak out. We bought our tickets, took our valises and travelled just as others do. I am aware, as I told you this afternoon, that I cannot be extradited on the charge of bigamy, and am just waiting to see what they will do next. Of course they may resort to any expedient. It is easy to trump up a charge against me, and they may accuse me of anything from murder down. I wouldn't be surprised to hear that they wanted me for slaughtering somebody. But under our law they could not extradite me for any other offence, and then charge with the original information—for bigamy."

There was something prophetic in Mr. Collins' remarks, as subsequent developments disclosed. Evidently he had good reason to believe that the San Francisco authorities

Wouldn't Let Him Escape

without a desperate struggle. He said they might do as they had done before, send an officer after him, subsidize a tugboat and try to kidnap him, but he did not think they would make such a move. "They know me pretty well down there," he said. "I certainly would shoot the man who tried to shanghai me. All I want here is fair a show and I will try to show the Canadian people that I am not the kind of man my enemies have painted me. At the outset of my career in another land this notoriety is injurious, but all I ask is half a chance. I am here to stay and will fight any attempt to take me back to the bitter end."

After his arest Mr. Collins said that the charge of perjury, like the other, was trumped up—entirely false—indicating to what extremes his enemies were prepared to go to ruin him. He has retained H. D. Helmcken, K. C., to look after his interests. Mr. Collins is a man of great ability, in fact one of the ablest men at the San Francisco bar. He had a large practice, and his offices are among the most elaborately appointed in San Francisco. In his employ are a considerable number of clerks. He was faultlessly attired in Prince Albert coat, light trousers, and strikes one as a man of strong personality and force. Mrs. Collins is a rather prepossessing young woman, who appears to be deeply devoted to her husband, indicating that she has no doubt whatever as to her husband's innocence.

The charge against Mr. Collins is that on May 15th, 1889, he married one Charlotte Newman, by whom he had several children, and that with his wife living he contracted this more recent marriage with Miss Clarice McCurdy in Chicago. Mr. Collins, on the other hand, says that the lady he married in 1889 was a sister of Charlotte Newman, a Miss Agnes Newman, who died five years ago.

Extradition Proceedings.

Extradition proceedings were instituted before His Honor Judge Lampman in the County court this morning. Frank Higgins has been retained for the California authorities and H. D. Helmcken, K. C., appeared for Mr. Collins. Mr. Collins disputed the allegation that he was the man named in the warrant, necessitating proof of his identity.

Objection was raised by Mr. Helmcken that the warrant was imperfect. It was taken out on information laid by Chief Langley, who acted on the message sent from San Francisco. Mr. Helmcken urged against the warrant that it was lacking in essential features. The charge was a general one, and it was not set forth that because of specified acts he was guilty of the crime. One of the cases cited by Mr. Helmcken strangely enough was based on a judgment given on an argument made by Mr. Collins in the California courts.

An adjournment was taken until 3 o'clock this afternoon.

Mrs. Collins' mother, Mrs. McCurdy, arrived in the city yesterday to join her daughter and son-in-law.

COTTON LEAK SCANDAL.

First Investigation Not Searching Enough for President Roosevelt.

New York, July 13.—The World, as evidenced by a Washington dispatch to that paper, believes that Secretary of Agriculture Wilson will almost certainly retire from the cabinet as a result of the cotton leak scandal, not because he is implicated in the slightest degree or because his integrity is questioned, but because developments have convinced President Roosevelt that neither Secretary Wilson nor Statistician Hyde knew what was taking place, and because the President is far from being pleased with the outcome of the first investigation as it was by no means searching enough.

SHOOTING FOR MACKINNON CUP

SCOTLAND IS LEADING IN THE FIRST STAGES

Canada Has Fifth Place—Scores of Canadian Shooters—Richardson Is On Team

(Special to the Times.)

Bisley Eng. July 12.—To-day was devoted to minor competitions calculated to get the marksmen used to the targets for the big events at the end of the week. The chief competitions decided to-day were the Humphrey cup, Halford memorial matches, and those for the Wimbledon, Astor and Watts cups.

The Canadian team for Mackinnon challenge cup, to be shot to-morrow, will be Lieut. G. Boult, Vancouver; Staff-Sergt. Crowe, Guelph; Capt. A. Elliott, Toronto; Capt. W. H. Forrest, Vancouver; Capt. J. M. Jones, Prince Edward Island; Staff-Sergt. Kerr, Toronto; Color Sergt. Moore, Peterboro; Sergt. F. Richardson, Victoria; Sergt. G. W. Russell, Ottawa, Sergt. J. H. Simpson, Toronto; Capt. Duff-Stuart, Vancouver, and Private A. Wilson, Ottawa.

The Mackinnon cup is open to teams of twelve, ten shots at 800, 900 and 1,000 yards.

In the Armourers' Company match, ten shots at 900 yards, Crowe made 45.

In the Alexander Martin mtach, ten shots at 800, the Canadian scores were: Richardson, Victoria, 45; Flowers, Halifax, 45; and Capt. Dover, 44.

Crowe was second in the sweepstakes at 500 yards with 37.

To-day's Shooting.

Bisley, July 13.—Scotland leads in the first stage for the Mackinnon challenge cup with a score of 525, the other scores being: Transvaal, 523; England, 515; Canada, 493; Guernsey, 492; New Zealand, 490.

The individual Canadian scores were:

Lt. G. A. Boult, 3, 5, 3, 5, 5, 4, 0, 3, 5—37.

Staff-Sergt. Crowe, 4, 4, 4, 4, 3, 5, 4, 3, 5, 3—39.

Capt. Forrest, 5, 5, 5, 5, 5, 3, 4, 3, 3, 4—42.

Capt. Jones, 4, 2, 3, 3, 4, 4, 5, 5, 4, 3—37.

Staff-Sergt. Kerr, 4, 5, 4, 5, 3, 5, 4, 5, 3, 5—43.

Color-Sergt. Moore, 4, 3, 5, 4, 5, 5, 5, 4, 5, 4—44.

Sergt. Richardson, 5, 3, 4, 4, 2, 5, 5, 5, 4, 4—41.

Sergt. Russell, 3, 5, 5, 4, 5, 4, 5, 5, 5, 5—46.

Sergt. Simpson, 5, 4, 4, 5, 3, 2, 5, 3, 5, 4—40.

Private Wilson, 3, 5, 5, 4, 3, 4, 3, 3, 5, 4—39.

The light during the firing of the match was very variable.

Second Range.

At the 900 yards range the scores of the Canadians were:

Boult, 3, 5, 4, 5, 5, 2, 5, 4, 5, 5—43.
Crowe, 5, 5, 5, 4, 4, 5, 3, 3, 3, 5—42.
Elliott, 5, 4, 5, 5, 4, 5, 4, 3, 5, 0—40.
Forrest, 3, 0, 4, 5, 3, 5, 4, 5, 5, 4—38.
Jones, 5, 4, 5, 4, 3, 4, 5, 5, 5, 4—44.
Kerr, 4, 5, 5, 4, 5, 5, 5, 3, 5, 5—43.
Moore, 5, 5, 5, 5, 5, 4, 5, 5, 5, 5—49.
Russell, 5, 5, 5, 5, 4, 5, 4, 5, 5, 4—47.
Simpson 4, 3, 0, 3, 3, 5, 4, 0, 0, 5—27.
Duff Stuart, 5, 5, 4, 4, 5, 3, 5, 4, 4, 4—43.
Wilson, 3, 3, 3, 5, 5, 3, 5, 3, 5, 5—40.

Totals—Canada, 498; England, 494; Gurnsey, 481; Transvaal, 491; New Zealand, 503; Scotland, 507.

STORY OF ANOTHER PLOT AGAINST THE CZAR

Dynamite Reported to Have Been Found in Castle He Intended to Occupy Near Moscow.

(Associated Press.)

New York, July 13.—A World dispatch from London contains the following from the Vienna correspondent of the Daily Telegraph:

"Private letters from St. Petersburg state that the police have discovered elaborate preparations for blowing up the castle of Ilinskoje, near Moscow, where the Czar with the Imperial family intended to take up a brief residence.

"Beneath the apartments destined for His Majesty's use, a subterranean passage is said to have been found, leading to a cellar, where 250 pounds of dynamite lay concealed.

"The police have made many arrests, apprehending among many others, two engineers, who conducted the cleaning and decorating of the apartments in the castle.

"This intelligence associated with the murder of Shuvaloff has made a deep impression. The Czar has now given up all idea of staying at Ilinskoje."

RUMORS OF MUTINY.

Report That Russian Officers Refused to Order Troops to Fire on People.

St. Petersburg, July 13.—Rumors are current in this city that four Grenadier regiments at Moscow have mutinied, and that at Warsaw yesterday certain officers refused to give the command to their men to fire on people who were making a demonstration. Not the slightest confirmation, however, is obtainable of these rumors.

MAILS FOR WEST.

Can Be Delivered Earlier by Way of Canada Than by New York.

(Special to the Times.)

Ottawa, July 13.—The experiment of carrying mails by Canada for the Western provinces shows that they can be delivered a day and a half earlier than at present. The mails from the Virginian were taken aboard a special train at North Sydney at 10.47 this morning from the cruiser Canada, which brought them from the Virginian. The Virginian was delayed one day by fog, otherwise the mails would reach Montreal to-day. As it is they will be half a day earlier than by New York.

QUIET AT FRONT.

Russians Allege That the Japanese Are Anxious For Peace.

Sipinghai Manchuria, July 13.—Quiet continues along the front, but the Japanese are still moving in Korea. The Russian trains move as far as Changtafu.

Information from the Japanese lines indicates that the rank and file are exceedingly anxious for peace. To counteract this feeling Field Marshal Oyama is continually issuing glowing appeals to the patriotism of his armies.

Chinese say that decaying corpses buried in shallow gravel on the ground after the battle of Mukden have created a terrible condition. Plague and cholera are said to have appeared among the Japanese.

THE TROUBLE AT NANAIMO MINES

GOVERNMENT OFFER FRIENDLY OFFICES

If Both Parties Are Agreeable Will Endeavor to Arrange a Settlement—Situation at Brechin.

(Special to the Times.)

Nanaimo, July 13.—To-day Ralph Smith received a telegram from Mackenzie King, deputy minister of labor, saying the government is willing, if both parties are agreeable, to try and effect a settlement of the coal mining troubles here. The telegram reads:

"Mr. Emerson, acting minister of labor, has wired both parties as follows:

"'Government greatly regrets to learn of the serious situation at the mines of the Western Fuel Company, and will be pleased to send Mackenzie King, deputy minister of labor, to Nanaimo to lend the friendly offices of the department of labor with a view to effecting a settlement of the existing difficulties under the Conciliation Act, if the intervention under such act is agreeable to the parties.'"

It is rumored to-day that the company intends putting a fence around Brechin mine works, and further that outsiders will be brought in if a settlement is not soon effected.

WARNING FROM TERRORISTS.

Gen. Trepoff Expects to Be Killed, But Is Determined to Remain at Post.

(Associated Press.)

St. Petersburg, July 13.—The resignation of M. Bouligan as minister of the interior is expected daily. Governor Trepoff, the assistant minister of the interior, probably will be his successor.

The Terrorists have recently renewed their warnings against Gen. Trepoff with ominous persistence. The general is constantly in receipt of letters signed by the executive committee of the fighting organization, informing him that his hour has come.

A remarkable feature of all the communications is that the writers take pains to say that no safeguards will avail to avert his impending death. At the same time they tell him he need not be afraid to be abroad in the streets. They add: "Your sentence will be executed in your own room. You will die in your bed."

The Terrorists seem to take pride in issuing a challenge involving a demonstration of their power and resource to penetrate the armor of police. Moreover Gen. Trepoff knows enough of the resources and desperateness of the organization to firmly believe the Terrorists are able to execute their threat. He makes no concealment of the fact that he expects to be killed, but his nerve is unshaken. He says: "I will at least die at the post of duty."

Privately Gen. Trepoff takes a gloomy view of the future of the autocracy in which he believes. The general is confident that if given untrammelled power he could restore the old status quo in a year, but the present vacillating policy he thinks will end only in ruin. A representative assembly, no matter what its initial character may be, he is convinced will soon be transformed into a constitutional assembly which will give the death blow to absolutism.

THE AUTONOMY BILL.

(Special to the Times.)

Ottawa, July 13.—The division on the autonomy bill in the Senate will probably be reached to-night or to-morrow at latest. It will be a party vote. The Quebec Conservatives say the bill does not go far enough, and extreme Conservative Protestants, of which Sir Mackenzie Bowell is a type, say it goes too far.

M. WITTE IS THE NEW PEACE ENVOY

CHOSEN BY THE CZAR TO SUCCEED M. MURAVIEFF

In Time of Need Emperor Nicholas Again Turns to the Former Finance Minister.

(Associated Press.)

St. Petersburg, July 13.—Emperor Nicholas signed the appointment of M. Witte, president of the committee of ministers, yesterday to be chief plenipotentiary representing the Russian government in the peace negotiations to be conducted next month in the United States.

The apointment, which was signed after midnight, clothes M Witte with plenipotentiary powers.

Notification of the designation of M. Witte to head the mission was forwarded to Washington this morning.

North German Lloyd steamship Kaiser M. Witte will take passage on the Wilhelm De Grosse, which sails from Cherbourg on July 26th.

Sergius Witte, the chief of the Russian plenipotentiaries, may be regarded as the leading Liberal statesman of Russia. He is about 56 years of age, and has worked his way up from the position of a underpaid railroad clerk, who occasionally acted as porter, to that of the leading statesman of Russia. In spite of the fact that his enemies are numerous and include some most powerful men in Russia, and he is what is known as a well-hated man, his honesty and ability have never been doubted even by his worst enemies. One of the reasons for his unpopularity is the fact that Witte is only remotely Russian. His father was of Dutch descent, and he himself was born at Tiflis, Caucasia. Witte was created a Count in 1901, but he has generally been referred to as M. Witte. He is thoroughly familiar with the Far Eastern question in all its bearings. Then practically it was M. Witte's disapproval of Russia's Far Eastern policy and the creation of a vice-royalty in the Far East which caused his downfall as minister of finance.

During his trip to Port Arthur in 1903 Witte was invited by the Japanese government to visit Japan, which would indicate that the Japanese probably will welcome his election to conduct the peace negotiations in behalf of Russia, knowing that they will be dealing with the Russian statesman who best understands the situation, and is more likely to reach an agreement mutually advantageous.

After the Boxer uprising Witte presented a memorandum to the Emperor pointing out that Manchuria and Korea was a territory for the extension of Japan's growing influence and activity, and adding that Russian occupation of that territory was bound to lead to a clash, and eventually to war. When he again was over-ruled Witte advised the immediate construction of the Circum-Baikal railroad for strategetical purposes if preparations for the conflict which he saw ahead.

Later, when the situation became acute, seeing that Russia was not prepared, Witte urged at least the temporary withdrawal of the Russian forces from Manchuria. He then wrote to the Emperor as follows: "Instead of making an enemy of Japan, we should win her friendship. I strongly advise a friendly solution. We need to populate our Eastern provinces, and have vital interests to defend in the event of war with the yellow race, in order that peasants of Russia may understand what they are fighting for." But all the warnings of Witte were unheeded, and he was no longer consulted.

TWICE REFUSED THE CZAR'S OFFER.

Paris, July 13.—The St. Petersburg correspondent of the Echo De Paris states that the disinclination of M. Muravieff to head the Russian peace mission was based partly on his state of health and partly on the fact that his allowance for expenses to cover the period of his sojourn in America was only 1,500 roubles, which amount is considered insufficient, owing to the great cost of living in the United States. M. Witte twice refused to become the successor of M. Muravieff on the mission, on the ground that he did not wish to be a mere figurehead in the transmission to Emperor Nicholas of the pace terms offered by the Japanese. His selection, therefore, cannot but be taken to mean that the Emperor has yielded to his insistance that the real powers of plenipotentiary be conferred upon the Russian head of the peace mission.

ANOTHER FLAG INCIDENT.

London, Ont., July 13.—The American flag was torn from where it floated in front of the City hotel last night and trampled in the dust by one hundred feet as the result of an insulting remark made by a drunken American visitor to the Orangemens' demonstration. The remark was made while eight hundred Michigan Orangemen, who had been wearing the Stars and Stripes all day without unfavorable comment, were fraternising with the local Orangemen in front of the City hotel. Port Huron, Michigan, Orangemen say they did not resent the insult as the insult to Canada was uncalled for.

FIRE AT EVERETT.

Sash and Door Factory Destroyed—Loss Placed at Sixty Thousand Dollars.

(Special to the Times.)

Everett, July 13.—Fire last night destroyed Wheelihan & Widauer's sash and door factory on the water front. For a time the flames threatened most of the wood working establishments of the city. The loss amounts to $60,000; insurance $35,000. The fact that the wind blew from the northwest instead of the north saved the rest of the industries.

FOREST FIRES.

Flames East of Bellingham Now Under Control—Farmhouse Burned.

(Special to the Times.)

Bellingham, July 13.—Forest fires, which threatened to become serious east of here, are reported by the county fire warden to be under control. One farmhouse was destroyed.

Danger Over.

San Jose, Cal., July 13.—Latest reports from Lick observatory are that the serious danger from forest fires is over.

ADMISSION OF CHINESE.

(Special to the Times.)

Bellingham, July 13.—In response to the request of the Portland Chamber of Commerce for co-operation in seeking to have the Chinese exclusion regulations modified, the Bellingham Chamber of Commerce last night passed a resolution requesting a negotiation treaty that will place Chinese travellers, students and merchants on the same footing with those from Japan and European countries.

MURDER IN SECOND DEGREE.

(Special to the Times.)

Salem, Ore., July 13.—The jury last night brought in a verdict of murder in the second degree against Charles Monte, accused of supplying firearms to the outlaws Tracey and Merrill. Monte, with Harry Wright, also will be tried to-day charged with scaling the prison walls and placing guns in the shops where they were found by the convicts.

CHIEF OF RUSSIA'S ENVOYS RESIGNS

M. MURAVIEFF NOT ANXIOUS FOR POSITION

Frankly Admitted Lack of Training and Want of Acquaintance With Questions Involved.

St. Petersburg, July 13, 2.12 a.m.—M. Muravieff has resigned his position as chief peace plenipotentiary. It may be regarded as practically certain that he will be replaced by M. Witte, president of the committee of ministers, who all along has been considered the Russian statesman pre-eminently qualified to undertake the difficult task of negotiating peace with Japan.

However, though the Emperor, who on previous occasions flatly declined to accept M. Witte, has now indicated his readiness to make the appointment, the commission will not be actually signed until Foreign Minister Lamsdorff, who throughout has been M. Witte's warm supporter, has an audience with the Emperor to-day.

To that extent only the matter may be regarded as uncertain, nothing being certain in Russia, as a prominent diplomat remarked last night, until the Emperor's signature has been affixed. M. Witte's selection will undoubtedly be hailed as a practical assurance of peace. While it would be a mistake to denounce him as a "peace at any price" man, M. Witte earnestly believes that the struggle should be ended, and should be succeeded by an understanding between Russia and Japan which would ensure peace in the Far East for half a century. Indeed, he is personally believed to be in favor of a Russia-Japanese alliance.

The conduct of the negotiations by M. Witte, it is felt by the peace party here, would inspire instant confidence in Japan.

M. Muravieff's retirement, ostensibly owing to reasons of ill health, is in reality due to the fact that the Emperor became convinced that the negotiations might be jeopardized if he went to Washington. M. Muravieff himself, upon consideration, quite frankly stated his lack of diplomatic training and his want of acquaintance with the questions involved, and with equal frankness expressed satisfaction that he had been relieved.

BLOOD POISON FROM CORNS

is sure to follow if you use a razor or irritating corn salve. The one safe remedy is Putnam's Corn Extractor. It is safe, absolutely safe, painless and guaranteed.

RUSSIAN OFFICERS SLAIN.

Killed By Firing Squad Which Was Ordered to Shoot Mutineers at Libau.

London, July 12.—The Morning Post, from authoritative sources, gives an account of the recent outbreak at Libau. The attempt to carry out the sentences of death provoked still more serious signs of mutiny, whreupon the port commander ordered the executions stopped and applied to St. Petersburg for instructions.

The government replied that all the mutineers must be shot, and a shooting party was formed, but when the order to fire was given the firing squad turned and fired on the officers instead of on the condemned mutineers, and a dozen officers fell dead. Other trooops, including Cossacks, the account says, were summoned, and a serious conflict ensued, during which 23 Cossacks were killed before the mutiny was quelled.

The Potemkine Mutineers.

St. Petersburg, July 13.—Russia has abandoned the idea of trying to secure the extradition of the men of the battleship Kniaz Potemkine who mutinied.

New Minister of Marine.

The announcement of the appointment of Vice-Admiral Birileff as minister of marine in succession to Admiral Avellan, which is gazetted this morning, is coupled with a highly significant rescript in which the Emperor charges the new minister not only with the task of rebuilding the navy, but also with that of reforming and reorganizing the whole system. The minister is instructed to eradicate the faults which have developed under the stress of war, to remedy the conditions which led to the recent mutinies in the Black Sea and to inspire the personnel of the navy with a new spirit of discipline and devotion.

Speaking of the "revolting events in the Black Sea" the Emperor holds the officers and men of the fleet equally culpable, declaring that these events displayed a complete lack of discipline among the crews and neglect of duty on the part of the officers. The Emperor insists on a full and careful investigation of the mutinies among the sailors of the Black Sea fleet, and that the most severe punishment be meted out to the guilty ones.

Going for Chamberlain's Colic, Cholera and Diarrhoea Remedy.

Don't put yourself in this man's place, but keep a bottle of this remedy in your home. There is nothing so good for Colic, Cholera Morbus, Dysentery and Diarrhoea. It is equally valuable for Summer Complaint and Cholera Infantum and has saved the lives of more children than any other medicine in use.

When reduced with water and sweetened it is pleasant to take.

You, or some one of your family, are sure to need this remedy sooner or later and when that time comes you will need it badly; you will need it quickly. Why not buy it now and be prepared for such an emergency? Price, 35 cents.

WINNIPEG NOTES.

Inspecting Scandinavian Colones—Experiments to Be Made With Wheat From Egypt.

Winnipeg, July 12.—Bernard Hage, correspondent of the Scandinavian-American Press, arrived in the city to-day. The object of Mr. Hage's visit to Canada is to inspect the various Scandinavian colonies throughout the West, observe their condition and communicate the result of his observations to the Scandinavian press of Minnesota, Iowa and Illinois. The immigration authorities believe his letters will serve to stimulate greatly the movement of Scandinavians from the United States to Canada. Mr. Hage will go west to Edmonton, and will make a zigzag trip from that point home. He will cover the Calgary and Edmonton branches and the Prince Albert branch thoroughly, and will endeavor to visit all the principal colonies of Scandinavian people. He states that his interest in the Northwest was very much deepened when at the last meeting of the Norwegian Lutheran synod in Minnesota 26 new Canadian church congregations applied for admission to the association.

For selling a Kenora camper's ticket not his own, John Philips was prosecuted by the C. P. R., and to-day was fined $20 and costs.

A. McLean recently brought a sample of wheat from Egypt, grown 190 miles up the Nile, to experiment with in Manitoba. It was sown in the southern part of the province, and is growing splendidly, being now three feet high and heavily headed. The result of wheat accustomed to the climate of tropical Africa growing in the Canadian West is being watched with much interest.

NOTICE TO CONTRACTORS.

HIGHWAY BRIDGE OVER ROWE STREAM (PARSON'S BRIDGE).

Sealed tenders, properly endorsed "Tender for Parson's Bridge," will be received by the undersigned up to noon of the 21st instant next, for the erection and completion of a wooden bridge across Rowe Stream (Parson's Bridge), Esquimalt District, B.C.

Drawings, specifications and conditions of tendering and contract may be seen at the office of the Public Works Engineer, Victoria, B. C., on and after July 11th instant.

Each proposal must be accompanied by an accepted bank cheque or certificate of deposit on a chartered bank of Canada, made payable to the undersigned, in the sum of two hundred ($200) dollars, which shall be forfeited if the party tendering decline to enter into contract when called upon to do so. The cheques of unsuccessful tenderers will be returned to them upon the execution of the contract. The successful tenderer will be required to furnish bonds, himself and two sureties, satisfactory to the Chief Commissioner, in the sum of one thousand ($1,000) dollars each. Upon the execution of the bond the cheque above mentioned will be returned to the contractor.

Tenders will not be considered unless made out on the forms supplied, and signed with the actual signature of the tenderer.

The lowest or any tender not necessarily accepted.

W. S. GORE,
Deputy Commissioner of Lands & Works.
Lands and Works Department,
Victoria, B. C., 7th July, 1905.

NOTICE.

Notice is hereby given, pursuant to the provisions of Section 69 of the Municipal Clauses Act, that the Municipal Council of the Corporation of the City of Victoria has, by resolution passed at a meeting of the said Council held on the 10th day of July, 1905, declared that a certain one and one-half story frame building and a one story frame building, with the sheds and outhouses at the rear of said buildings, situate and being upon Lot 27, Block 3, facing Yates street, are, each and every, a nuisance and dangerous to the public health; and it was thereby ordered that the same should be pulled down and removed forthwith by the owner or owners, agents, lessees or occupiers thereof, and in case of default by the said owner or owners, agents, lessees or occupiers thereof, to comply with this order within five days after publication of this notice in the Daily Times (a daily newspaper published in the Municipality of the City of Victoria), it was further ordered that such pulling down and removal of the said buildings and structures be done by the Sanitary Officer of the said Corporation at the cost of the owner, or owners, of such buildings or structures, and that the payment of such cost, and all expenses incidental thereto, should be enforced against the owner or owners thereof by the said Sanitary Officer in an action at law in any court of competent jurisdiction.

WELLINGTON J. DOWLER,
C. M. C.

City Clerk's Office,
Victoria, B. C., July 11th, 1905.

TAKE NOTICE

That the Annual General Meeting of the Shareholders of The Continental Power Company, Limited, will be held at the office of Bodwell & Lawson, No. 34½ Government street, Victoria, B. C., on Monday, the 17th day of July, 1905, at the hour of eleven o'clock in the forenoon.

Dated this 30th day of June, 1905.

M. A. MELLON,
Secretary.

Thirty days after date I intend to apply to the Hon. the Chief Commissioner of Lands and Works for permission to lease for pastoral purposes 160 acres of unreserved, unsurveyed and unoccupied Crown land situated at Bella Coola, Coast District, B. C., commencing at a post on the east bank of the Neetlets Connay river (about three miles above the bridge on wagon road), thence east 40 chains, thence north 40 chains, thence west 40 chains, thence in a southerly direction along river bank to point of commencement.

J. D. M'DONALD.

Bella Coola, B. C., June 20th, 1905.

Every household should have one; they are a great success in every way. For sale by all retail dealers, also wholesale by

friends. Later in the evening they took the steamer Princess Victoria for Seattle. A tour of the Sound cities and a visit at Harrison Hot Springs will be made before they return to Victoria.

On their return to Victoria they will take up their residence at 257 Fort street, where a fine home is being completed by Mr. Scott.

Turpel-May.

Last evening the marriage of Miss Margaret Jeanette May, daughter of Mr. W. May, of Chemainus, and Mr. S. Turpel, of this city, was solemnized. The ceremony was performed, by Rev. H. A. Carson at the residence of Mrs. M. J. Pearson, a sister of the bride, whose home is at the corner of Kingston and Montreal streets. The house was appropriately and tastily decorated for the occasion.

Miss Sadie Turpel, a sister of the groom, acted as bridesmaid, while Mr. Fulton McDougal supported the groom.

The bride and groom left last evening for the Sound, and will include in the honeymoon trip a visit to Portland.

On their return to Victoria they will reside on Superior street.

Gill-McLean.

Miss Eva McLean, of this city, and Mr. William Gill, marine engineer, of Vancouver, were married last evening at the residence of the bride's mother, Saanich road, Rev. W. Leslie Clay performing the ceremony. The bride was attended by her sister, Miss Margaret McLean, while Mr. Louis Gettle supported the groom.

Mr. and Mrs. Gill left last evening on the Princess Beatrice for Vancouver, where they will take up their residence.

DR. PIERCE OFFERS $500 REWARD FOR WOMEN WHO CANNOT BE CURED OF FEMALE WEAKNESS.

Backed up by over a third of a century of remarkable and uniform cures, a record such as no other remedy for the diseases and weaknesses peculiar to women ever attained, the proprietors and makers of Dr. Pierce's Favorite Prescription now feel fully warranted in offering to pay $500 in legal money of the United States for any case of Leucorrhea, Female Weakness, Prolapsus, or Falling of Womb, which they cannot cure. All they ask is a fair and reasonable trial of their means of cure.

SHIPPING NEWS

STORY DENIED.

Captain J. W. Troup returned last evening from Vancouver. Seen this morning with reference to the reported negotiations for the steamer Charmer he said that the statements credited to him in the press were incorrect. There have been no negotiations for the steamer, and there is nothing in the story that she is to be chartered to the Pacific Coast Steamship Company.

GERMAN POTATOES.

The German steamship Theben, of the well-known Kosmos line, is bringing among other cargo a big consignment of desiccated potatoes from Hamburg, Germany, for reshipment to Alaskan ports.

While these potatoes are shipped thousands of miles through the Atlantic and around the Horn and through nearly the whole length of the Pacific to their destination, owing to their preservative qualities, it is claimed, they find a ready sale among the miners of Alaska.

Another important consignment of freight on the Theben is a lot of silver ore shipped from Callao to the Tacoma smelter.

NEW STEAMER LINE.

The Puget Sound American of Bellingham says: "If plans now under consideration by Captain Newhall, owner of the steamers Islander and Buckeye, are materialized a steamer service between Bellingham and Victoria by way of Friday Harbor will be established this summer or early next year. If established the service will be given by the Islander. Last night Captain Newhall arrived in port with the Buckeye, which has been lying idle at Newhall since last fall. In the meantime at a cost of about $1,500 Captain Newhall has doubled the passenger capacity of the Buckeye and materially increased the freight room, so that it is about the same as the Islander's. The steamer will soon be ready for the Island run, and if the Islander is placed on the Victoria route the Buckeye will replace it. The Buckeye has been operated on the Sound, principally to the islands, for the last twelve years, and is a staunch little boat. Captain Newhall states that if the Islander is not placed on the Victoria run this year the Buckeye likely will remain idle the rest of the year. In a short time he will go to Victoria to see what arrangements can be made for clearance papers, etc."

Commanded six times by the sheriff to throw up his hands, and not surrendering until wounded by a shot near Ellensburg on Wednesday, a man answering the description of escaped convict W. D. McCarthy, was arrested. He denies being McCarthy and claims to be Thomas Keen, a resident of Texas, going to the Eastern Washington wheat fields.

THREE LIVES LOST.

Man and His Wife Drowned by Sinking of Boat—Accident at Railway Crossing.

Quebec, July 12.—Mr. and Mrs. Thos. Kerouac, St. Hubert, who have only been married about a year, have been drowned in Lac Grand Fourche, county of Temiscouta, by leaking and subsequent foundering of a boat yesterday in which they went out for a row. Mrs. Dumont, a sister of Mrs. Kerouac, who accompanied them, was picked up alive after having floated in the water on her back for two or three hours.

Blacksmith Killed.

Sherbrooke, Que., July 12.—Ernest Latour, blacksmith, was killed and his nephew, Fred Prence, seriously injured, last evening at the Grand Trunk crossing, Brompton Falls. They attempted to cross ahead of a freight train and misjudged the distance. Both men were about 30 years of age and unmarried.

The Zuni Indians will not eat bread that has not been crushed and ground up by stone implements. They say that the grain by itself denotes goodness, and the stone means truth, so that it is by a meeting of the two that the fullest benefit comes.

THE CHICAGO STRIKE.

Contributions Fall From $12,000 a Week to $4,000.

(Associated Press.)

Chicago, July 13.—The executive board of the Chicago Federation of Labor has abandoned the solicitation of funds on behalf of the striking teamsters. Hereafter all contributions from unions affiliated with the federation will be received from the finance committee of the teamsters' joint council. Contributions from unions affiliated with the federation have dwindled from $12,000 a week early in the strike to less than $4,000.

The departmental store drivers made a strong effort last night to spread the strike. After the meeting, officials of the union announced that a special meeting of the baggagemen and parcel delivery drivers will be held to-night to vote on a strike against parcel delivery concerns that control the Chicago Cartage Co., which is making deliveries to strike-bound firms.

WHY BRONCHITIS IS SERIOUS.

Because if not quickly cured it becomes a chronic condition that verges closely on consumption. "Catarrhozone" is the most pleasant, simple and certain cure. Try Catarrhozone.

COLORS BIRDS DON'T LIKE.

Red will annoy a turkey cock as much as a bull, but a sparrow will not let it disturb its mind. But if one shakes a blue rag in front of a caged sparrow's eyes he will go frantic with disgust. Sparrows and linnets, too, will refuse food offered them on a piece of blue paper, and dislike the appearance of anyone wearing a blue dress. Medium light blue affects them most, but blue serge they scarcely mind at all. Thrushes and blackbirds object to yellow, but will use red or blue dried grasses left about their haunts to build the outer layers of their nests. Yellow grasses they will not use.

SEVERAL WEDDINGS SOLEMNIZED IN CITY

Last Evening Four Couples Were Joined in the Holy Bonds of Matrimony.

A very pretty church wedding was solemnized yesterday afternoon, when Miss Jane Moore, third daughter of Mr. C. F. Moore, and Mr. John Darbyshire, of Hawarden, England, were united in wedlock. The ceremony was performed at St. Barnabas' church by the Lord Bishop of Columbia, assisted by Rev. E. G. Miller. The church had been very prettily decorated for the event by the bride's many friends. The full choir met the wedding party at the entrance to the church and headed the procession to the altar, followed by the attendant clergy and ushers and the bridal party. The service throughout was fully choral.

The bride was very charmingly attired in Indian crepe silk over taffeta, trimmed with chiffon applique. She wore a veil of tulle and a spray of orange blossoms, and carried a bouquet of bridal roses and fern. She was accompanied to the altar by her father.

The bridesmaids, Miss V. Moore and Miss Jennie Malcolm, wore white corded silk gowns with pearl pendants, the gift of the groom. The flower girls were Misses Margaret and Mary Moore, sisters of the bride.

Mr. Frank Moore acted as best man.

A reception was held at the residence of the bride's parents, "Fernside," in the evening.

The bride and groom left on a trip to the Sound cities and Portland. Afterwards they will return to Victoria before leaving for England to take up their residence.

Scott-Jones.

Yesterday afternoon Miss Laura, eldest daughter of Mr. E. B. Jones, and Mr. J. A. Scott, of Scott & Peden, were united in the bonds of matrimony at the residence of the bride's father, North Chatham street. The drawing room was beautifully decorated for the occasion, the ceremony being performed under a bell of roses. The bride's gown was of white silk voile over taffeta, with bridal veil and orange blossoms. She carried a shower bouquet. She was attended by her sister, Miss Ethel M. Jones, who was attired in pearl crepe de chene over taffeta. She also carried a beautiful bouquet.

The groom was supported by his brother, Mr. Ernest A. Scott, of Vancouver.

The bride was given away by her father. The marriage ceremony was performed by Rev. G. K. B. Adams. The groom's present to the bride was a gold chain with pendant set in pearls.

The tea table was beautifully set with yellow predominating in the decorations, it being July 12th.

From 5 to 7 last evening a reception was held, when Mr. and Mrs. Scott were heartily congratulated by their many

Ayer's Hair Vigor.

Losing your hair? And doing nothing to stop it? Don't you know that Ayer's Hair Vigor promptly checks falling hair? It certainly does. And it restores color, also. J. C. Ayer Co., Lowell, Mass.

OUR SUMMER SUITS

For men are attracting wide and favorable attention. As one customer said yesterday: "I never saw a better assortment of suits, and your prices are certainly lower than the other stores." With such a recommendation you need not hesitate to step in next time you need anything in the clothing line.

Suits $8.00 to $18.00
Trousers $2.00 to $5.00

Our Youths' and Boys' Suits are just as good as our Men's. Try us.

THE NEW FRENCH REMEDY.

TRADE THERAPION MARK

This successful and highly popular remedy, used in the Continental Hospitals by Ricord, Kostan, Jobert, Velpeau, and others, combines all the desiderata to be sought in a medicine of the kind, and surpasses everything hitherto employed.

THERAPION No. 1 in a remarkably short time, often a few days only, removes all discharges from the urinary organs, superseding injections, the use of which does irreparable harm by laying the foundation of stricture and other serious diseases.

THERAPION No. 2 for impurity of the blood, scurvy, pimples, spots, blotches, pains and swelling of the joints, secondary symptoms, gout, rheumatism, and all diseases for which it has been too much a fashion to employ mercury, sarsaparilla, &c., to the destruction of sufferers' teeth and ruin of health. This preparation purifies the whole system through the blood, and thoroughly eliminates all poisonous matter from the body.

THERAPION No. 3 for nervous exhaustion, impaired vitality, sleeplessness, and all the distressing consequences of early error, excess, residence in hot, unhealthy climates, &c. It possesses surprising power in restoring strength and vigour to the debilitated.

THERAPION is sold by the principal Chemists and Merchants throughout the world. Price in England 2/9 & 4/6. In ordering, state which of the three numbers required, and observe above Trade Mark, which is a fac-simile of word 'THERAPION' as it appears on British Government Stamp (in white letters on a red ground) affixed to every package by order of His Majesty's Hon. Commissioners, and without which it is a forgery.

ALBERNI'S OPPORTUNITY.

The great political battle is joined in Alberni. Mr. McBride and his aides, Hon. Messrs. Green and Wilson, have been on the ground for a week or more, and if there had been no attempt to traverse their arguments we are solemnly informed that the constituency would have declared for the government by "two or three votes to one." But the Liberals will not play fair in the sense that the agents of the government understand fairness. Messrs. Macdonald and Smith and Sloan and Oliver and Drury in the malignity of their hearts have gone forth to meet the mighty men of the Hawthornthwaite-McBride administration.

Doubtless the Liberal leader and Messrs. Smith and Sloan will take occasion to refer to various matters of great political interest at the present time, such as the fact the people of British Columbia realize to their cost that Hon. Richard McBride deliberately delivered himself and the business interests of the province into the hands of the Socialists for the price of a few years of power and the emoluments connected therewith.

The government of Hon. Richard McBride was conceived in treachery of the blackest character and it has been maintained by tactics of an even viler character. Finding himself practically in a minority in the legislature of the province the Premier connived with the returning officer of Fernie constituency to steal one seat from the Liberal party. That conspiracy was daringly and brazenly executed. The returning officer was a partner in business with the minority candidate who was declared returned although he had received but a minority of the votes cast by the electors of Fernie.

Thus Hon. Richard McBride was enabled to retain power as the leader of the first Conservative government British Columbia ever had by the most scandalously crooked piece of work that has ever disgraced Conservatives not only in British Columbia, but in Canada—and there have been some very disgraceful acts recorded against the Tory party in Federal politics. But there was never a transaction of the Fernie type on which the life of a Tory government depended. If there had been the popular indignation of the people of the Dominion would have speedily terminated the life of such a government.

But the theft of the Fernie seat did not place the McBride government on safe ground. There was still not a sufficient number of Conservatives in the new House to give the government command of a majority. Hence a bargain was made with the Socialist party. Whether that bargain was to the advantage of the people of British Columbia as well as to the profit of the McBride government we shall leave the records and the events of the past and the prospects for the future to determine. It is well known that enterprise has been smothered by the fact that the man who has money to invest and is convinced that there is no more promising country in the world in which to invest it than British Columbia knows not what manner of freak legislation may be adopted and placed upon the statute book while the present political conditions continue. British Columbia, the richest and the most promising province of the Dominion of Canada, is the least progressive of all sections of Canada simply and solely because she has attained an evil eminence in the estimation of all men of sound economic ideas as the home of political freaks and mountebanks.

All the facts in connection with the inception and the subsequent administration of the McBride government—the piling up of great and unnecessary burdens of taxation, the scandals respecting the administration of the lands department and the department of the Attorney-General—will be laid before the people of Alberni by the Liberal speakers who have been so cruel as to take advantage of the weakness of the position of Hon. Richard McBride and his colleagues. And there is little reason to doubt that Alberni will do something more emphatic than abide by her previously expressed opinion of the demerits of the government. She will express in emphatic terms the general sentiment of British Columbia towards the extraordinary political hybrid that is incongruously enthroned in power, the Socialist-Tory combination of Hawthornthwaite and McBride.

AN EXPLANATION.

It is rather hard on readers that advertisers are at the present time showing such marked confidence in the value of publicity through the columns of the Times. Business announcements to-day crowd unduly upon the space usually reserved for news and comments upon current events. The advertisements were received at too late an hour to permit of provision being made for the publication of extra pages. The consequence is that several correspondents will be disappointed by the crowding out of their communications. In a few weeks our new machinery will arrive and will be put in operation as soon as possible. Then we promise there shall be no occasion for disappointment to correspondents nor for the curtailment of the usual amount of reading matter. We shall be as fully equipped to meet all emergencies on short notice as the leading newspapers of the world.

BUSINESS AT THE MORNING SESSION

DELEGATES DISCUSS WORK OF THE CHURCH

Nominating Committee Reports on Personnel of Various Baptist Boards —To-night's Programme.

The session of the Baptist convention this morning opened with devotional exercises conducted by Rev. D. J. Welsh, B. A., B. T. H. The programme for the session was in the nature of a conference. The first paper was presented by Rev. R. Lennie, of New Westminster, and discussed "Practical Aspects of Church Work." The paper pointed out that theory was valuable only in so far as it could be converted into practice, and the aim in all churches ought to be to achieve results in the direction of the practical. Things to be secured were more sympathetic and earnest co-operation on the part of all members of the church, a reduction of the number of organizations connected with the churches; a simplifying of methods, and the enlistment of every member in personal and active work. Ways and means to accomplish these ends were exhaustively discussed in the paper.

Rev. E. LeRoy Dapin, B. A., in a paper that was enthusiastically received, discussed church discipline. The efficiency of the church depended upon the efficiency of the individual member, and he should be subjected to such discipline as would raise him to the highest efficiency. Three means of discipline were proposed—education, the exercise of authority on the part of the church in controlling the conduct of members, and engaging all in practical work.

Both papers provoked discussion, and were ordered published in the Western Baptist.

The nominating committee then brought in a further report as follows:

For educational board—to serve three years: Aaron Perry, B. A., A. B. McNeill, Dr. Hacking and Rev. J. A. Banton; two years, Rev. E. Le Roy Dakin, B. A.

Publication board—for three years: Rev. R. Lennie, A. J. Passage and A. Galbraith; two years, Rev. B. Goodfield, B. A.; one year, Rev. F. Letts.

Members of women's board—for three years: Mrs. J. F. Vichert, Mrs. White, Mrs. Postill, Mrs. West, Mrs. Denholm, Mrs. Dr. McKechnie; for two years, Mrs. McEwen, Mrs. Warren, Mrs. Anvache, Mrs. Cocking, Mrs. Spofford, Miss King; for one year, Mrs. McNaughton, Mrs. D. Robertson, Mrs. A. J. Hill, Miss B. Gross, Mrs. C. S. Stevens, Mrs. T. N. Ritchie.

Following the report of the nominating committee came a further report of the mission board, in which was recommended an arrangement, in connection with the board of the Baptist convention of Manitoba and the Northwest Territories, for a joint representation of Western mission to the Baptist churches of Great Britain. The report further asked the convention to pass upon the policy of uniting with the Manitoba and Northwest convention in mission work under a joint superintendency. At the conclusion of the session the discussion was still in progress, and is being continued this afternoon.

The programme for this evening is: Opening exercises; address, "What a Consecrated B. Y. P. U. might do," by Rev. J. LeRoy Sloat, of Cranbrook; address, "The Demands of the Sunday School on the Church," Rev. H. W. Piercy, of Chemainus; address, "Lay Preaching in Relation to Christian Work," Rev. P. H. McEwen.

ORANGEMEN CELEBRATE.

Grand Procession Through Principal Streets of Terminal City—Meeting at Brockton Point.

The Twelfth of July was appropriately celebrated by the Orange lodges of Victoria, Vancouver and other British Columbia points at the Terminal City yesterday. As mentioned in these columns, the party which left this city to take part in the festivities was composed of over two hundred members of the local lodges. Immediately upon the arrival of the steamer Princess Victoria at Vancouver the local Orangemen lined up and joined a grand procession of Mainland lodges through the principal streets of the Terminal City which ended at Brockton Point. There a platform had been erected and speeches were delivered by a number of prominent members of the different lodges. Before the crowd dispersed resolutions were passed opposing separate schools.

Most of the Orangemen spent the remainder of the afternoon at the park witnessing a championship lacrosse match between the Vancouver and Westminster teams, which resulted in a win for the latter by a score of 9 goals to 6. The game was exceedingly fast, especially throughout the first half, at the end of which period the score stood 1 to 1. When the second half commenced Westminster was the first to land the ball in the net, but the performance was followed by a Vancouver goal. Play then became rough, everyone checking unnecessarily hard, with the natural results. A rough-and-tumble fight developed in the neighborhood of the New Westminster flags, and when the referee had restored peace he found it necessary to send two Vancouverites and three of the Royal City players to the fence for a short time. After that Westminster scored four times in succession by means of quick combination and accurate shooting. The other goals came at irregular intervals, but the advantage was Westminster's from that time until the finish.

In the evening there was a grand concert under the auspices of the Orange lodges, but owing to the departure of the steamer Charmer at 8 o'clock Victorians were unable to enjoy it as long as many wished. The excursionists arrived here early this morning.

LETHAL CHAMBER FUND.

Further Subscriptions Towards This Humane Scheme for Disposing of Dogs.

The treasurer of the lethal chamber fund, A. J. Dallain, begs to acknowledge further subscriptions as follows, the total collected to date being $177.95: Mrs. Charles Kent, $1; L. F. Solly, $1; Captain J. T. Walbran, 50c.; "Ben Walker" and Little "Joe," 75c.; H. Carmichael, $1; "Bossy," 25c.; G. Harvey, 25c.; Mrs. Bradley-Dyne, $2.50; Rev. H. Payne, $1; D. Osborne, $1; T. W. Spearman, 50c.; A. Campbell, 50c.; Jas. Brown, $1; M. White, 25c.; Mr. Camberbater, 25c.; "Nelson," 25c.; "March" and "Levy," 25c.; Erle Craddle, 25c.; D. Anderson, 25c.; R. Martin, 25c.; Mrs. Gordon, 10c.; A. Linebam, $1; T. P. McConnell, $1; Cash, 50c.; Wade, 25c.; Mrs. (Major) Wilson, $1.50; Mrs. Saunders, 50c.; Miss A. Saunders, 25c.; Mayor Barnard, $5; Miss C. E. Dupont, 50c.

Arrangements for the building of the lethal chamber are being perfected by the committee who have the matter in hand. The pound being one mile away from the gas main, it has been found necessary to locate a more suitable place for the chamber within easy reach. Several places are under consideration, and as soon as a suitable one is fixed upon the chamber will be erected without delay.

These chambers are operated under two methods, viz.: By carbonous oxide gas and by illuminating gas.

The carbonous oxide gas method is not recommended owing to the expensive character of the chamber required, the purchase of charcoal and the length of time required to generate the gas, also the necessity for a skilled operator to attend to the working of the apparatus. Carelessness on the part of the operator might easily cause a lingering death to the animal being destroyed.

The illuminating gas method is recommended by the Societies for the Prevention of Cruelty to Animals of Toronto, New York, Montreal, San Francisco and Massachusetts, also by the committee locally in charge, for the following reasons, viz.: The cheap character of the chamber required, simplicity and cheapness of operation, all that is needed of the operator being the closing of the outlet valve and the opening of the gas inlet valve. At all times it is ready for immediate use.

A FOOT FIXER.

Enthusiastic people all over Canada are talking of the wonderful relief that they have received from using Foot Elm. This simple antiseptic powder comes in boxes of 18 powders for 25 cents, at all Drug Stores, and those who suffer from new shoes that pinch, chafe or cramp the feet should try one box. It makes the feet healthy and prevents sweating. Tired, aching, tender, swollen, blistered feet are quickly relieved by this most popular Canadian remedy. Send stamp for particulars of our $100 prize offer. D. V. STOTT & JURY, Bowmanville, Ont.

Seven shillings a day has been adopted by the New South Wales government as a minimum wage to railway laborers.

"We are going to have a banquet and want you to prepare,
The very best you can, sir, and serve it up with care.
Get all the choicest viands, of price we'll not complain,
But one thing we will mention, serve only Mumm's Champagne."

"Have Turkey with the 'fixins', Roast Beef and Chicken too,
And there may be some among them who would like an Oyster Stew.
But you know what to serve us and so we'll not dictate;
But order Mumm's Champagne to-day and don't forget the date."

"Some noted men are coming to join us on that night,
They've never seen our city and we want to treat them right,
We leave it all with you now, and hope we've made it plain
That we trade with Pither & Leiser and they keep Mumm's Champagne."

To Homeseekers!

I am now offering at reasonable prices and to suit purchasers some of the finest sites in Victoria suitable for residential purposes; also acreage, good rich soil, ideal for fruit growing. For further particulars apply to

GRANT & CONYERS

NO. 2 VIEW ST.,

Opp. Main Entrance of Driard Hotel.

CITY NEWS IN BRIEF

—Use B. C. FRUIT SUGAR with your fruit. It is made specially for the purpose, and when kept dry, never cakes.

—Take in a supply of "SLAB WOOD" before the wet weather sets in. To be had at Lemon, Gonnason & Co.'s mills. Telephone 77. Prompt delivery.

—Steamer Iroquois on her regular trip Saturday, 15th, will give excursionists an opportunity to attend C. P. R. Vancouver employees picnic.

—D. G. S. Quadra left this morning for Saanich arm for the cement required for the Lennard Island fog alarm building.

—At the regular meeting of the Refuge Home committee the following ladies were cordially thanked for donations: Mrs. Lester (Folmie avenue), Mrs. Gould, Mrs. D. Spencer, Mrs. McNaughton, Mrs. Neal and Mrs. Crawford.

—On Friday and Saturday mornings the steamer Princess Victoria will leave the outer wharf because of the low tides. There is a shallow portion of the harbor off the Brackman & Ker wharf, and until this has been dredged the channel is dangerous at a stage of the tide such as is expected to-morrow and next day.

—Another relay race is announced by Bert Hobbi's, of the James Bay Athletic Association, to take place in about two weeks' time. This will be between two teams from the J. B. A. A., married men vs. single. The following will represent the benedicts: J. S. Jost, — Dexter, T. Watson and E. Christopher, while the bachelors will be represented by B. C. Pettingell, F. Mellor, J. Lawson and G. Morley. As will be seen, the two teams are evenly matched.

—During the present year the plan to alter and enlarge the Victoria will not be carried out. The management realizes that to do this this summer would mean to cancel all season's engagements, and this would not be politic. He has therefore decided to leave the improvements contemplated in this respect until another year, and will be content with only giving the place a thorough renovation this season.

—A delightful summer outing among the famous Islands of the Gulf is the unanimous expression of those who have taken this trip on the steamer Iroquois.

—The lacrosse game at Nanaimo yesterday between the Victoria West juniors and the Sentinels of Nanaimo resulted in an easy win for the former team by 6 goals to 1. Although the Nanaimo team was much heavier and could not be classed as juniors, they were outplayed by the Victoria boys. This is the fourth win this season for the West. The game of Tuesday in this city made them the city league champions. By winning at Nanaimo the locals became the provincial champions, and are open to accept challenges from any junior team in the province.

—Allen & Co., of the "Fit-Reform," report a very satisfactory season's business; they are now busy preparing for the fall trade by putting the stock in shape to receive the heavy consignments of new fall goods now on the way. All surplus stock has been taken from the wardrobes and placed on tables and marked down to prices that will insure quick selling; for particulars see advertisement in to-day's issue on page 8.

the Metropolian Epworth C. E. league has been notified that the City of Nanaimo will leave from her new wharf on Monday evening, the 17th of July, for the moonlight excursion at 8 o'colck. Everything possible to ensure a good time and a pleasant trip is being done by the league workers. Refreshments will be served, and a good brass band will be in attendance. Tickets can be purchased at S. Reid's store, Government street; B. C. Loan & Saving Co.'s office, also at Foxall's photo gallery, Government street.

78 WHARF STREET

—This evening there will be a joint installation of officers of the three local I. O. O. F. lodges. Light refreshments will be dispensed.

Lifebuoy Soap—disinfectant—is strongly recommended by the medical profession as a safeguard against infectious diseases.

—Early this morning the fire department was called out to extinguish a blaze at the home of H. Siedenbaum, Katherine street, Victoria West. The fire started in the woodshed at the rear of the house, and was discovered by Miss Nesbitt, of the adjoining residence. When the apparatus arrived the blazes had spread to the back of Mr. Siedenbaum's house and to the roof of the next building. Both, however, were extinguished in short order, the former being put out with damage amounting to about $300, while the latter was handled with practically no loss.

—The annual meeting of the board of trade will be held in the rooms to-morrow afternoon at 3 o'clock, when the election of officers, the council and board of arbitration will take place. This business will be the first before the meeting, and members are requested to be on hand promptly on time. At 3.30 o'clock the Lieutenant-Governor will arrive, and other visitors, including Hon. Capt. Tatlow, minister of finance, are expected. Addresses will be given, and altogether the meeting promises to be a very interesting one.

AN AMERICAN DISEASE.

Some doctors go so far as to say that indigestion is the national disease of America. There is but one national remedy for indigestion and that remedy is Dr. Hamilton's Pills which accelerate the action of the gastric glands and give tone to the digestive organs. They strengthen the kidneys and liver, cleanse and purify the blood and thus add general tone to every organ of the body. Flesh and strength are fast restored and the patient can eat and digest any food he pleases. Test Dr. Hamilton's Pills yourself—25c. per box or five boxes for $1.00 at all dealers.

—Whether it is because business generally in the city is improving with the advent of the tourists, or that the present week's programme at the popular Grand pleases better than others recently, the fact remains that the receipts for the first three days of this week largely exceed those for the same period of any week in several months. Probably both reasons apply in their proportion. The programme as finally completed is certainly a strong one, the especial feature being the touching little sketch, "The Third Generation," by Herbert Chesley, Louie Aldrich and the clever and winsome little child actress Ethel Barr. Mr. Chesley is a legitimate actor of more than average ability. Another strong feature is Miss Lois Cecele Hobson, an operatic balladist possessing a remarkably pure and clear soprano voice of unusual range and sweetness. Her selections last evening were, "I Dream of the Love," by Owen, and in response to an enthusiastice encore, Moore's beautiful ballad, "Believe Me, of All Those Endearing Young Charms." The Rainbow Duo continue to please with their clever singing and dancing act; Thomas and Tulle furnish the comedy in fifteen minutes of fun and dancing, and Briseno in his novel wire act is greeted heartily at each performance. Little Edna Foley, the new illustrated song singer, seems to have won her way at once to the hearts of the patrons of the Grand, and her rendering of "Day by Day" is received with the heartiest applause. A most amusing line of moving pictures close a fine bill.

—Sunday, July 16th, another popular excursion by the steamer Iroquois.

—Messrs. Thompson and Regan, C. P. R. land and timber examiners, who will have charge of the parties to take the field on this Island, have returned after a preliminary tour of the Island. They expect to leave again in a few days, and will be away until the end of the month.

CHILLS, COLDS, PLEURISY.

Dressing lightly, exposed to draughts, cold is easily taken. Give twenty drops of Nerviline in hot water at once. Circulation and warmth will be restored, and pleurisy, inflammation or congestion prevented. Equally good for colds, breaks up their beginnings at once. If you only knew what a great remedy Nerviline is, that it is five times stronger than other liniments, more penetrating, more pain subduing, you would not be without it. Ninety-nine sicknesses out of a hundred can be presented at the very beginning by the use of Nerviline. Saves doctors' bills—the great pain saver of the age—in use 50 years.

—Frank Welsman, a pianist of national reputation, who is here in connection with the examinations in music for the University of Toronto, is spending the day as the guest of Dr. and Mrs. Watt at William's Head. Mr. Welsman will appear at the Gore-Welsman recital to-morrow evening at Institute hall. The recital is one that has aroused much enthusiasm in local musical circles, and will doubtless attract a crowded house. Twenty-five per cent. of the net proceeds from the recital are to be donated to the anti-tuberculosis fund.

DEUTSCHMAN CAVE.

Splendid Description of Marvellous Cavern in Next Saturday's Times.

The Times supplement on Saturday will be of an especially interesting character. Its chief feature will be an illustrated description of the celebrated Deutschmann cave, a series of subterranean caverns which have attracted widespread attention from travellers. These caverns are near Glacier, B. C., and have only recently been discovered. The article, which will appear in the Times, was written by Bruce Bennet, of the News-Advertiser staff, Vancouver, who secured a large number of photographs, which will be used to illustrate it. Among these pictures are some splendid views of the valley of the Illecillewaet river, Mt. Donald and the Great Glacier from the neighborhood of the caves, entrances and interior compartments of the caves, the discoverer, Chas. H. Deutschman, of Revelstoke, and many others, which will be clearly printed on fine paper.

Giving a full description of what will undoubtedly be classed as one of the wonders of this great province, the article will make instructive reading.

FRUIT EXHIBITS

Will Be Made by Provincial Government at Winnipeg and Other Points.

The provincial government has arranged to make exhibits of British Columbia fruits at Winnipeg, Brandon, Regina and Indian Head during the time of the annual agricultural shows at these places. The exhibits will consist of preserved fruits in bottles, and fresh fruits in season, shipped via the Dominion Express Co.

The Winnipeg fair will open on the 20th inst. and will continue until the 28th inst. Fresh fruit shipments for this fair should leave points of shipment from July 17th to 24th inclusive.

The Brandon fair will open on the 1st August, and fresh fruit shipments for Brandon should leave B. C. points July 28th to 31st.

Indian Head fair will open on the 8th August, and fresh fruit shipment for Indian Head should leave B. C. points August 3rd and 4th.

Regina fair will open on the 9th August, and fresh fruit shipments for Regina should leave B. C. points August 4th to 7th.

All exhibits should be shipped by Dominion Express Co., addressed to R. M. Palmer, who will be in charge of the British Columbia exhibits at the fairs mentioned.

Sporting News.

LAWN TENNIS.

SOME CLOSE MATCHES.

Yesterday the handicap tournament of the Victoria Lawn Tenais Club was continued at the Belcher street courts. Some exceptionally interesting contests were played, that between A. T. Goward (owe 30-4) and T. G. Wilson (owe 4-0) being particularly exciting. It was won by Wilson after a hard struggle. Mr. Goward made a determined effort to win, but the handicap and his opponent's steady playing were too much for the ex-champion. In the first set Wilson won by 6-4, but the second was much closer, being won by Wilson by a score of 8-6. The mixed doubles between J. B. Bell and Miss Bell and J. W. Cambie and Mrs. E. C. Baker made another interesting match. The first set went to the former, but later in the match Mr. Cambie and Mrs. Baker proved the steadier and won out by a fair margin. Tea was served by the ladies during the afternoon.

Appended are the complete results of the play:

Ladies' Singles.

Mrs. Cole (owe 30-4) defeated Mrs. Genge (rec. 15), 6-1, 6-1.

Miss Pitts (owe 15) defeated Miss A. Bell (owe 15-1), 6-3, 6-1.

Mixed Doubles.

Capt. Popham and Mrs. Genge (rec. 3-6) defeated F. M. Reade and Miss Reade (rec. 15), 6-3, 3-7, 6-3.

J. W. Cambie and Mrs. Baker (owe 15) defeated J. B. Bell and Miss Bell (owe 15-2), 3-6, 6-3, 6-3.

Men's Singles.

J. B. Bell (owe 15-2) defeated C. L. Foster (rec. 15), 6-1, 6-3.

T. G. Wilson (owe 4-6) defeated A. T. Goward (owe 30-4), 6-4, 8-6.

B. G. Prior (rec. 2-6) defeated F. T. Cornwall (owe 15-2), 6-3, 4-6, 6-3.

E. Langworthy (owe 2-6) defeated W. P. Phipps (owe 2-6), 6-4, 6-2.

Games set for 5 o'clock this afternoon follow:

No. 1 Court—Winner of Patton vs. Keefer and winner of Bell vs. Wilson.

No. 2 Court—Capt. Popham and Mrs. Genge (rec. 3-6) vs. Cambie and Mrs. Baker (owe 15).

BASEBALL.

LOCAL TEAM TRANSFERRED.

"Victoria was dropped out of the Northwestern League yesterday, and a franchise was given to Spokane," says the Seattle Times. "The Spokane franchise is held in the names of F. J. Dorsey and H. D. Merritt. Mr. Merritt is a well known Democratic politician, and is said to represent a well known capitalist in Spokane.

"This action was taken at a meeting of the directors held at Everett yesterday afternoon. The franchise of Victoria was not transferred to Spokane, but the Victoria franchise was simply terminated, while that of Spokane was taken up. Spokane has always been considered a member of the league, for President Lucas had that territory protected. When the little league was organized, it was put in the constitution that the franchise of any club could be terminated by a majority vote of the directors representing the other clubs, if for business reasons it was found wise to do so.

"As league baseball was a new thing to all the cities in the league, it was thought wise to put in that provision, in case some of the towns fell down. Victoria really never had a chance to make good in the league, for the team got off badly, and no city, not even a young husky giant like Seattle, rallies very enthusiastically in support of a tail-end club. Had Victoria been up in the race from the start, the chances are that the franchise would have remained with the town.

"The present season will close next Sunday and McCloskey and Jack Drennan will have a merry fight of it this week for the pennant. Bellingham and Vancouver are just one game apart now and they will settle to a bruising finish this week. The new season will begin on July 19th, and Spokane will take Victoria's place.

"It is not expected that many of the men now playing at Victoria will be on the Spokane team. Negotiations are now on with a manager of reputation to take charge of the Spokane team, and although the time is short it is believed that a good club will be put in there. Even if the club is not strong at the beginning of the season, it will be braced up, for Spokane, as the largest and best town in the league, will have to be well represented, or the move will not be a wise one.

"The Bellingham magnates believed when the meeting was called that there was a move on to take the team away from Bellingham, and they entered a vigorous protest. They realized that being in a baseball league is a good advertisement for the city, and they want to stick. There was no desire to take a team away from any town, where it was guaranteed that the team would finish the season. It is hard enough to find towns that will put up a guarantee, to throw down one that is anxious to stick, as Bellingham was not in serious danger. There is no doubt that if Bellingham had shown a disposition to weaken, the team would have been transferred to Butte, but when Bellingham came to the front it was not necessary to inject a little life into Butte, and the league will probably finish the season with a four club circuit. Next year, however, Butte will likely be taken in."

The transfer of the Victoria team will be regretted by a large number of enthusiastic fans, who, in spite of the fact that the local nine has gone through the first portion of the league series at the tail-end, have rallied to their support regularly and faithfully. It means more, however, than the disappointment of a few. This city will lose a first-class advertising medium, as there is no question that the reports of the progress of such a league, appearing at regular intervals in all the great sporting journals of the continent must have a very beneficial effect. When the position is fairly considered it seems rather a pity that officials of the club did not enter a vigorous protest against the proposed transfer of the Victoria franchise. Of course the claim of Victoria club officials that the game wasn't patronized sufficiently is thoroughly just, but now can a city new to professional ball be expected to tender the heaviest kind of support to a team bearing a record brightened by very few victories, not to mention the fact that the grounds are inconveniently far from town. President George Russell's scheme for obtaining grounds within ten minutes' walk of Government street and strengthening the team should, at least, have been given a trial before Victoria was deprived of membership in the Northwestern League. Mr. Russell is now in Vancouver looking into the matter, and it has been stated that he will take legal advice with the object of forcing President Lucas to restore the local franchise, if that is possible. Such a contingency, however, is very improbable. It seems as if Victoria will be forced to submit.

The Victoria professional team having been transferred, it is now in order for the local amateur nine to organize and give Victorians one or two exhibitions before the end of the summer months. In conversation with a Times representative the other day, H. A. Goward, an official of the old club, said the amateurs were ready to get out and play immediately it was assured that professionalism was a thing of the past as far as Victoria was concerned. He said a good fast amateur nine could be got together. Holness and Blackburne would pitch, and, among others, Messrs. Rithet and Schwengers would be again on the bench. It is stated also that Martinke, one of the best batsmen on the Victoria professional team, as well as Hutchinson, would be willing to join such a nine, as they like the city. Under the circumstances, it looks as if local fans may yet be treated to some exciting exhibitions of the popular pastime.

PROTEST CONSIDERED.

Last evening a meeting of the protest committee of the intermediate league was held, when the dispute between the North Ward and Oak Bay teams was considered. It was with respect to a game that was declared complete in the sixth inning owing to darkness. A decision was reached, after much discussion, to play the remaining inning on the evening of Monday, the 24th inst. Other matters were debated, after which the meeting adjourned.

GAME TO-MORROW.

A match will be played between the Y. M. C. A. and North Ward teams to-morrow night.

A JUNIOR CONTEST.

A junior game will be played between the Junior Independent and Y. M. C. A. teams this evening at 6.30 o'clock at Beacon Hill grounds. The Independent team follows: Butler, c.; Lewis, p.; P. O'Rourke, 1st b.; Sherbourne, 2nd b.; T. O'Rourke, 3rd b.; Keappock, s. s.; P. McDonald, l. f.; Campbell, c. f.; Shanks, r. f.

LACROSSE.

VICTORIA v. SEATTLE.

The Victoria team is training hard in preparation for the match to be played with Seattle next Saturday afternoon at Oak Bay. It is most important that the Victorians should secure a victory on this occasion, and as they have been practicing assiduously under the careful supervision of Prof. R. Foster should be in the pink of condition when the time comes to take the field. On the other hand, the Seattle boys are equally in earnest. Their win against Vancouver has given the Sound players a taste of the sweets of victory and they intend doing everything possible to advance another step in the race for the British Columbia championship on Saturday.

THE COTTON LEAK.

Full Inquiry Requested by President of New York Exchange.

New York, July 12.—The New York cotton exchange to-day made public the following letter:

"Hon. Theodore Roosevelt, President of the United States, Washington, D.C.

"Dear Sir:—On behalf of the New York cotton exchange I want to say that its members have been greatly shocked by the recent disclosures of venality in the department of agriculture, upon whose reports they have depended for accurate information in the conducting of their cotton business.

"I beg to request that a full investigation be made of the methods which led to the corruption, with a view of preventing the possibility of recurrence, and that the guilty ones be adequately punished.

"Official reports should be above the suspicion of publication in the interest of any person for their individual benefit, and as part of this exchange I wish to put its members upon record as utterly opposed to such culpable proceedings.

"On the line of common honesty I ask you for your most emphatic condemnation and action on the practices which make legitimate business impossible and put the members of our body at the mercy of tricksters and knaves.

"With great respect, I am yours truly,
"WALTER G. HUBBARD,
"President N. Y. Cotton Exchange."

Walter St. Clair, aged 11 years, hanged himself at San Francisco on Wednesday. The boy was ordered by his mother to chop some wood and he became sulky. Later Mrs. St. Clair found the lad's dead body hanging in the cellar.

PAPERS READ AT BAPTIST CONVENTION

BUSINESS TRANSACTED IN THE AFTERNOON

Interesting Session Last Evening, When Excellent Addresses Were Delivered.

At yesterday afternoon's session of the Baptist convention on report of the nominating committee A. Huggett was elected second vice-president and Rev. F. W. Auvache secretary-treasurer of the convention. The following committees also were appointed: Obituary, state of religion and finance, and resolutions.

The annual Sunday school report was then presented by J. W. H. King, B.A., from which the following statistics are taken: Number of schools 24; number of teachers and officers, 202; number of scholars enrolled, 1,341; total amount of money raised by the schools, $2,389.54.

This was followed by a paper entitled "Nature Study in the Primary Class," by Miss S. Blackwell. The child mind, the paper said, was bright, observant and inquisitive. It noticed and appreciated the beauty and adaptation in nature. It was eager for an explanation and could readily be led by the teacher through nature to nature's end. The paper emphasized the value of intelligent nature study as a means of inculcating spiritual truth, and advocated its employment in the primary class.

Rev. F. Letts, of Chilliwack, followed with a paper on "The Door to the Scholar's Heart and How to Open It." The generation of children was described as an army advancing to capture the positions held by the adults of to-day. The problem was to secure entrance to the hearts of the children and thus mould the character of this advancing host. Means to this end advocated by the writer of the paper were tact, sympathy with the interests of the scholar, thorough preparation of the lesson, and patient perseverance.

The concluding paper of the afternoon was written by Miss Jean Templar, and consisted of an interesting description of Jerusalem as she saw it on the occasion of her recent visit. In the absence of Miss Templar the paper was read by Mrs. Warren, of Vancouver. The papers were followed by a very enthusiastic discussion, in which a large number participated.

Before the session closed Rev. H. A. Carson, B.A., of the Congregational church, and Rev. A. White, of Toronto, were introduced.

A large audience completely filling the church assembled for last evening's session. Three addresses were upon the programme, but Rev. E. H. Shanks having failed to reach the Coast his address was omitted. Opening exercises were conducted by Rev. E. LeRoy Dakin, B. A., and Rev. H. W. Piercy, after which Rev. Benjamin Goodfield, a Welshman by birth, was introduced to speak on "Lessons of the Welsh Revival." He spoke with true Celtic fervor and fire of the great spiritual movement which has gone forward so recently in the land of his birth. With pardonable patriotism he named a large number of men eminent in their respective departments who were natives of Wales, and suggested that great things were to be expected from a land which produced such men. The recent revival, he said, was the greatest in history. Its visible source was in a revived organization of the church; its invisible source God. That made the movement one of tremendous power, simple, quiet, but irresistible. The outcome was not only an uplifted and purified life in Wales, but a world-wide movement which, the speaker predicted in conclusion, would do for humanity everywhere what it had already done in Wales.

The second address of the evening was by Rev. J. W. Litch, B. A., of the First Baptist church, Vancouver, on "Pastoral Evangelism." The true work of the preacher, he said, was evangelistic in character, and he discussed secrets of efficiency in evangelism. The evangel itself must be studied, and given incarnation in character. To this must be added the pastoral work in the care and instruction of those who had been awakened by his evangel. With impressive earnestness this speaker pleaded for a keener appreciation of the real spirit of the Gospel and of the compassion which Christ felt for all men. Wherever these were entertained and manifested the true work of an evangelist would be done.

At the conclusion of the address Rev Mr. Thompson, pastor of the Centennial Methodist church, was introduced and briefly addressed the convention.

During the evening the following musical items were rendered: Anthem, "Jerusalem, the Golden," by the choir; solo, Remick's "Rock of Ages," by Mrs. J. A. Bariten; duett, "Calvary," by Rev. and Mrs. J. A. Banton.

COST OF EDUCATION.

To the Editor:—The ideas which Mr. Musgrave sets forth in his letter, published in your issue of the 11th instant, seem like an echo from the dead past. They are certainly hoary with age. These sentiments concerning state education prevailed in England a quarter of a century ago and in Eastern Canada at an even earlier date. In the Eastern provinces of Canada and in nearly all the states of the American Union men who hold such views about education have now become as extinct as the great dodo. This city alone of all democratic America still remains as a sort of last camping ground for these relics of a bygone age. In a few short years they, too, will have gone, let us hope, to a land where neither moss nor rust doth corrupt, and where thieves, in the shape of tax collectors, do not break through and steal—taxes to keep up "state supported High schools."

It is useless to remind these people that this is Canada and not England, that this is the beginning of the twentieth, and not of the nineteenth, century. It is useless to argue or to attempt to reason with them. They are dead sure they are right. They know it all. We could well afford to allow their writings and their croakings to pass unnoticed if it were not that occasionally they deceive strangers, and thereby help to give the city the reputation of being slow, unprogressive, un-Canadian, and moribund, and thereby do us serious injury. A striking instance of this occurred only a few weeks ago, when the governing board of McGill University sent out a member of its staff to this province to spy out the land with a view of establishing a branch of that institution somewhere in the province. This, it is now known, was the real object of Professor Torey's recent visit. He is said to have reported on his return that he found Vancouver a real live, up-to-date Canadian city, desirous of keeping abreast of the times from an educational point of view, and willing to spare no expense in doing so, while at Victoria he found an un-Canadian, anti-free-school sentiment pervading certain classes, from the Mayor down, who were carping and grumbling about the expense of the schools and grudgingly dealing out to the school authorities the funds necessary to maintain them. As a result, it is stated that the McGill authorities are to send to Vancouver five or six paid professors, where the full four years of the arts course of McGill are to be completed. So Victoria's chance of becoming the seat of the provincial university seems to be gone forever. Would it not pay us to pension off these croakers and send them back to the Old Country, whence most of them came?

It cannot be that these people's objection to the High school is owing to the expense alone, for it has been shown that the expense is but trifling when spread over the entire taxable property of the city. It has been shown that the man who pays taxes on $5,000 worth of property has to pay one dollar and a half a year only toward the expense of the High school, while the $1,000 taxpayer pays thirty cents a year. Surely that is not what is keeping Mr. Musgrave and his sympathizers awake nights. The system is all wrong, don't you know. State and provincial universities supported almost wholly by the money of the poor taxpayer, where the child of the poor as well as the rich has an equal chance in life, are all wrong because, forsooth, they help to educate people out of their spheres, and all the rest of it. We are all familiar with these old songs they sang long years ago, and we know how completely out of touch with the spirit of the age are the poor, stingy and benighted souls of those who sing them.

To the charge of "flagrant extravagance in the administration of the educational system," our school authorities can justly plead not guilty, and when the proper time comes they will have no trouble to prove their case. This has been the growing time, to use a familiar expression. A few years ago manual training was introduced into our schools. Private beneficence supported it for three years. Then this was withdrawn, and our school authorities were confronted with the alternative of allowing this work to drop or of assuming the burden of its support. They chose the latter course. Now the increased figures are published as an evidence of the extravagance of the board. Then a demand arose for a department of domestic science in our schools. This demand was met by the board at an expense, not only for salaries alone, but for fitting up the rooms with appliances and for the materials used in cooking, etc.

Next an agitation arose for military drill, and the board has tried to meet this demand. None of these things were initiated by the board. On the contrary, they were given only after repeated demands were made for them.

Now there is a further demand for a commercial department in the High school. The people have shown that they approve of this step by electing the trustees who advocated this principle at the head of the polls, but the action of the Mayor and council in their financial treatment of the board may make this impossible for another year at least. Does anyone think that these gentlemen have added to their popularity by the stand they have taken in school matters? Wait and see.

Mr. Musgrave writes as if he held the votes of the people of Victoria in his waistcoat pocket. He says: "I asked the ratepayers to vote against the by-law," etc., referring to last year's vote; and further on he says: "I now ask the ratepayers to repeat the experiment," etc. We know how it was that killed Cock Robin.

He seems also to be under great concern of mind because, according to his interpretation of the law, our trustees are guilty of "shameless illegality in the appropriation and expenditure of municipal funds in connection with our schools." Perhaps it will not be worth while for him to lose any more sleep over that matter, as there is practically a new school law coming into effect the first of the year, and let us hope for his sake that it will prove better suited to meet the changing conditions than the present one is. If not, then we shall have to undertake the herculean task of getting two or three slight amendments made to the school law next winter—that is, if Mr. Musgrave will let us. Perhaps we could get it done before he has time to launch one of his thunderbolts.

I am sorry about the Victoria West by-law, but there is no hope for it now. Mr. Musgrave has decreed that it shall not pass and I suppose that ends it.

CANADIAN.

A BY-LAW

To Enable the Borrowing of a Further Sum of $100,000 Secured Upon the Frontage Rents or Taxes and Sewer Connection Rental With the Guarantee of the City of Victoria.

Whereas it is intended to borrow upon the security of the frontage rents or taxes and sewer connection rentals imposed by the Sewers By-Law, 1902 (No. 400), the further sum of $100,000 to be expended in the extension of the sewers within the City of Victoria:

And whereas it is proposed to give the guarantee of the Corporation for securing the moneys so intended to be borrowed:

And whereas the said "Sewers By-Law, 1902," was validated by Section 29 of Chapter 42 of the Statutes of 1903-4, in so far as frontage rents or taxes and sewer connection rentals were thereby assessed and levied upon the owners of land and buildings, and power was given by the reciting Section to revoke and rescind the assessment and levy made by the said reciting By-Law upon occupiers of land and buildings, and such assessment and levy upon said occupiers was accordingly revoked by the "Sewers By-Law, 1902, Amendment By-Law, 1904" (numbered 424):

And whereas the amount of the said frontage rents or taxes and sewer connection rentals, chargeable for the year 1905 is estimated at $15,000, and the sum of $200,000 has been already raised upon the security of the same under the provisions of the "Sewer Loan Guarantee By-Law, 1902" (numbered 402):

And whereas the moneys intended to be borrowed pursuant to this By-Law will be primarily charged and secured upon the frontage rents or taxes and sewer connection rentals, assessed and levied and to be collected annually under the authority of the said "Sewers By-Law, 1902," now unincumbered amount to $6,290.00:

And whereas the amount required to be collected annually from the said frontage rents or taxes and sewer connection rentals to pay the interest upon the said debt of $200,000 and to repay the said debt by sinking fund within fifty years is $9,310; and the amount required to be collected to pay the interest upon the said intended additional debt of $100,000 and to repay the said additional debt by sinking fund within fifty years is $4,655, making together the aggregate sum of $13,965, and it is estimated that there will not be any deficiency:

And whereas it is proposed to borrow the said sum of $100,000 upon debentures as hereinafter appearing:

And whereas, by the said recited By-Law No. 400, the said frontage rents or taxes and sewer connection rentals when received are directed to be carried to a joint fund entitled "The Sewer Rental and Sewer Tax Fund," and are to be expended in the extension of the sewerage system of the city, and the construction and maintenance of the same, and in making provision for and the payment of principal, interest and sinking funds where moneys are borrowed on the security of the same, in such manner and at such time or times as the Municipal Council shall from time to time think expedient. And it is desired by this By-Law to give effect to such provision:

Therefore the Municipal Council of the Corporation of the City of Victoria enacts as follows:

1. The moneys raised under this By-Law shall be expended in the construction of sewers and for the purposes generally mentioned in this By-Law, and for no other purpose.

2. It shall be lawful for the Mayor of the Corporation of the City of Victoria to borrow upon the security, primarily, of the said frontage rents or taxes and sewer connection rentals, and by way of guarantee upon the credit of the said Corporation by way of the debentures hereinafter mentioned, from any person or persons, or body or bodies corporate, who may be willing to advance the same as a loan, a sum of money not exceeding in the whole the sum of $100,000 currency or sterling money (at the rate of 4.86 2-3 dollars to the one pound sterling), and to cause all such sums so raised or received to be paid into the hands of the Treasurer of the said Corporation, for the purpose and with the object hereinbefore referred to. The said guarantee of the City to be contained in the said debentures shall be in the following terms, or as nearly thereto as may be:

"The payment of the principal moneys and interest thereon under this debenture at the respective dates when the same fall due under the terms of this debenture, is hereby guaranteed by the Corporation of the City of Victoria."

3. It shall be lawful for the said Mayor to cause any number of debentures to be made, executed and issued for such sums as may be required, not exceeding, however, the sum of $100,000, either in currency or sterling money (at the rate of 4.86 2-3 dollars to the one pound sterling), each of the said debentures being of the amount of $1,000.00 or its sterling equivalent at the rate aforesaid, and all such debentures shall be sealed with the seal of the said Corporation and signed by the Mayor thereof.

4. The said debentures shall bear date the 1st day of August, 1905, and shall be payable in fifty years from the said date at such place, either in the Dominion of Canada, Great Britain or the United States of America, as may be designated thereon, and shall have attached to them coupons for the payment of interest and the signature to the interest coupons may be either written, stamped, printed or lithographed.

5. The said debentures shall bear interest at the rate of four per cent. per annum from the date thereof, which interest shall be payable half-yearly at such place, either in the Dominion of Canada, Great Britain, or the United States of America, as may be expressed in the debenture and coupon.

6. It shall be lawful for the said Mayor to cause the said debentures and the interest coupons, either or both, to be made payable at such place, either in the Dominion of Canada, Great Britain, or the United States of America, as may be desired.

7. It shall be lawful for the Mayor of the said Corporation to dispose of the said debentures at a rate below par, and to authorize the Treasurer to pay out of the sums so raised by the sale of the said debentures all expenses connected with the preparation and lithographing of the debentures and coupons, or any discount or commission or other charges incidental to the sale of the said debentures.

8. So much of the moneys collected for and received by the City Treasurer under the provisions of the said "Sewers By-Law, 1902" (No. 400), as shall, after complying with the directions contained in the said "Sewer Loan Guarantee By-Law, 1902," be sufficient to provide the annual interest on the moneys from time to time borrowed on the security of the said debentures and the annual sinking fund for the payment of the principal moneys due upon the said debentures shall, immediately on receipt thereof, be set aside by the said City Treasurer and placed by him to a separate account with the bankers of the Corporation at Victoria, and thereout shall be paid the coupons or interest upon the said debentures or borrowed moneys as the same shall from time to time fall due, and the moneys to provide the said annual sinking fund shall be placed on deposit, and with the interest thereon shall be allowed to accumulate, and thereout shall be paid the principal moneys borrowed, as the said debentures shall from time to time become due.

9. This By-Law shall, before the final passing thereof, receive the assent of the electors of the said Corporation, in the manner provided for in the Municipal Clauses Act, and shall take effect on the 1st day of August, 1905.

10. This By-Law may not be altered or repealed save with the consent of the Lieutenant-Governor in Council.

11. This By-Law shall be cited as the "Sewer Loan Guarantee By-Law, 1905."

Passed the Municipal Council the 5th day of July, 1905.

NOTICE.

Take notice that the above is a true copy of the proposed By-Law upon which the vote of the Municipality will be taken on Friday, the 21st day of July, 1905, at Room 9, in the Public Market Building, Cormorant street, for the North Ward; at Room 7 of the said building for the Central Ward; and at Room 1 of the said building for the South Ward; that the poll will be kept open between the hours of 8 a. m. and 4 p. m., and that W. W. Northcott will be the Returning Officer of the said vote.

WELLINGTON J. DOWLER,
C. M. C.

City Clerk's Office,
Victoria, B. C., July 7th, 1905.

A BY-LAW

To Enable the Corporation of the City of Victoria to Borrow $30,000.00 to Be Applied to School Purposes.

Whereas the Board of School Trustees in pursuance of the provisions of Section 37 of the Public Schools Act have prepared and laid before the Council of the Corporation of the City of Victoria a detailed estimate of the sums required by them amounting to $30,000, which sum is required to meet special or extraordinary expenses legally incurrable by the said board, viz.: The purchase of a school site at Victoria West and the erection and furnishing of a school building thereon:

And whereas the Council have finally disapproved of the payment of the said estimated sum of $30,000 out of the current year's revenue, and of such disapproval have given due notice to the Board of School Trustees:

And whereas the Secretary of the Board of School Trustees has made a written request to the Council to submit for the assent of the electors in the manner prescribed by Section 68 of the Municipal Clauses Act, a By-Law authorizing the proposed expenditure and the raising of the money required to defray the same upon the credit of the municipality:

And whereas it is intended to raise the said sum of $30,000 by way of loan upon the credit of the Corporation of the City of Victoria:

And whereas the total amount required to be raised annually by rate for repaying the said debt and the interest thereon and for creating an annual sinking fund for paying the said debt within twenty-five years according to law is $1,920:

And whereas the whole ratable land and improvements of real property of the said Corporation of the said City of Victoria, according to the last revised Assessment Roll for the year 1905, is $18,136,154.00:

And whereas it will require an annual rate of one-ninth of a mill on the dollar for paying the new debt and interest:

And whereas this by-law may not be altered or repealed without the consent of the Lieutenant-Governor in Council:

Therefore the Municipal Council of the Corporation of the City of Victoria enacts as follows:

1. It shall be lawful for the Mayor of the Corporation of the City of Victoria to borrow upon the credit of the said Corporation by way of the debentures hereinafter mentioned, from any person or persons, or body or bodies corporate, who may be willing to advance the same as a loan, a sum of money not exceeding in the whole the sum of $30,000.00 currency or sterling money, at the rate of 4.86 2-3 dollars to the one pound sterling, and to cause all such sums so raised or received to be paid into the hands of the Treasurer of the said Corporation for the purpose and with the object hereinbefore referred to:

2. It shall be lawful for the said Mayor to cause any number of debentures to be made, executed and issued for such sums as may be required, not exceeding, however, the sum of $30,000, either in currency or sterling money (at the rate of 4.86 2-3 dollars to the one pound sterling), each of the said debentures being of the amount of $1,000.00 or its sterling equivalent at the rate aforesaid, and all such debentures shall be sealed with the seal of the said Corporation and signed by the Mayor thereof.

3. The said debentures shall bear date the first day of August, 1905, and shall be payable in twenty-five years from the said date at such place, either in the Dominion of Canada, Great Britain, or the United States of America, as may be designated thereon, and shall have attached to them coupons for the payment of interest, and the signature to the interest coupons may be either written, stamped, printed or lithographed.

4. The said debentures shall bear interest at the rate of four per cent. per annum from the date thereof, which interest shall be payable half-yearly at such place, either in the Dominion of Canada, Great Britain, or the United States of America, as may be expressed in the debenture and coupon.

5. It shall be lawful for the said Mayor to cause the said debentures and the interest coupons, either or both, to be made payable at such place, either in the Dominion of Canada, Great Britain or the United States of America, as may be desired.

6. It shall be lawful for the Mayor of the said Corporation to dispose of the said debentures at a rate below par, and to authorize the Treasurer to pay out of the sums so raised by the sale of the said debentures all expenses connected with the preparation and lithographing of the debentures and coupons, or any discount or commission or other charges incidental to the sale of the said debentures.

7. If deemed advisable by the Mayor, there shall in the said debentures be reserved to the Corporation the right upon any future consolidation of the debenture indebtedness of the City to substitute debentures of such consolidation secured upon the credit of the City generally. Such consolidated debentures shall contain the like covenants, conditions and restrictions as are contained in the debentures issued in pursuance of this By-Law, and in each debenture issued hereunder a clause conditioned for such substitution may be inserted.

8. For the purpose of raising annually the sum required for the payment of the interest on the said debentures during their currency there shall be raised annually the sum of $1,200.00, and for the purpose of creating the sinking fund aforesaid for the payment of the debt at maturity there shall be raised annually the sum of $720.00.

9. For the purpose of the payment of the said sums in the next preceding paragraph mentioned, there shall be raised and levied in each year a rate of one-ninth of one mill in the dollar on all the ratable land and improvements in the City of Victoria during the continuance of the said debentures or any of them.

10. This By-Law shall, before the final passing thereof, receive the assent of the electors of the said Corporation in the manner provided for in the "Municipal Clauses Act," and shall take effect on the 1st day of August, 1905.

11. This By-Law may be cited as the "Victoria West School Loan By-Law, 1905."

Passed the Municipal Council on the 5th day of July, 1905.

NOTICE.

Take notice that the above is a true copy of the proposed By-Law upon which the vote of the Municipality will be taken on Friday, the 21st day of July, 1905, at Room 9, in the Public Market Building, Cormorant street, for the North Ward; at Room 7 of the said building for the Central Ward; and at Room 1 of the said building for the South Ward; that the poll will be kept open between the hours of 8 a. m. and 4 p. m., and that W. W. Northcott will be the Returning Officer of the said vote.

A BY-LAW

To Raise $11,000.00 to Increase the Capacity of the Present Electric Lighting Plant.

Whereas a Petition under Section 69 of the Municipal Clauses Act has been presented to the Municipal Council of the Corporation of the City of Victoria, signed by the owners of more than one-tenth of the value of the real property in the City of Victoria, as shown by the last Revised Assessment Roll, requesting the said Council to introduce a By-Law to raise the sum of $11,000.00 by way of loan upon the credit of the Corporation wherewith to purchase and instal additional electric lighting plant:

And whereas the total amount required to be raised annually by rate for repaying the said debt and the interest thereon and for creating an annual sinking fund for paying the said debt within ten years, according to law, is $1,355.00:

And whereas the whole ratable land and improvements of real property of the said Corporation of the said City of Victoria, according to the last revised Assessment Roll for the year 1905, is $18,136,154.00:

And whereas it will require an annual rate of one-tenth of a mill on the dollar for paying the new debt and interest:

And whereas this By-Law may not be altered or repealed without the consent of the Lieutenant-Governor in Council:

Therefore the Municipal Council of the Corporation of the City of Victoria enacts as follows:

1. It shall be lawful for the Mayor of the Corporation of the City of Victoria to borrow upon the credit of the said Corporation by way of the debentures hereinafter mentioned, from any person or persons, or body or bodies corporate, who may be willing to advance the same as a loan, a sum of money not exceeding in the whole the sum of $11,000.00 currency or sterling money, at the rate of 4.86 2-3 dollars to the one pound sterling, and to cause all such sums so raised or received to be paid into the hands of the Treasurer of the said Corporation for the purpose and with the object hereinbefore referred to:

2. It shall be lawful for the said Mayor to cause any number of debentures to be made, executed and issued for such sums as may be required, not exceeding, however, the sum of $11,000.00, either in currency or sterling money (at the rate of 4.86 2-3 dollars to the one pound sterling), each of the said debentures being of the amount of $500.00 or its sterling equivalent at the rate aforesaid, and all such debentures shall be sealed with the seal of the said Corporation and signed by the Mayor thereof.

3. The said debentures shall bear date the 1st day of August, 1905, and shall be payable in ten years from the said date at such place, either in the Dominion of Canada, Great Britain, or the United States of America, as may be designated thereon, and shall have attached to them coupons for the payment of interest, and the signatures to the interest coupons may be either written, stamped, printed or lithographed.

4. The said debentures shall bear interest at the rate of four per cent. per annum from the date thereof, which interest shall be payable half-yearly at such place, either in the Dominion of Canada, Great Britain, or the United States of America, as may be expressed in the debentures and coupons.

5. It shall be lawful for the said Mayor to cause the said debentures and the interest coupons, either or both, to be made payable at such place, either in the Dominion of Canada, Great Britain, or the United States of America, as may be desired.

6. It shall be lawful for the Mayor of the said Corporation to dispose of the said debentures at a rate below par and to authorize the Treasurer to pay out of the sums so raised by the sale of the said debentures all expenses connected with the preparation and lithographing of the debentures and coupons, or any discount or commission or other charges incidental to the sale of the said debentures.

7. If deemed advisable by the Mayor, there shall in the said debentures be reserved to the Corporation the right upon any future consolidation of the debenture indebtedness of the City to substitute debentures of such consolidation secured upon the credit of the City generally. Such consolidated debentures shall contain the like covenants, conditions and restrictions as are contained in the debentures issued in pursuance of this By-Law, and in each debenture issued hereunder a clause conditioned for such substitution may be inserted.

8. For the purpose of raising annually the sum required for the payment of the interest on the said debentures during their currency, there shall be raised annually the sum of $440.00, and for the purpose of creating the sinking fund aforesaid for the payment of the debt at maturity, there shall be raised annually the sum of $915.00.

9. For the purpose of the payment of the said sums in the next preceding paragraph mentioned, there shall be raised and levied in each year a rate of one-tenth of one mill in the dollar on all the ratable land and improvements in the City of Victoria during the continuance of the said debentures or any of them.

10. This By-Law shall, before the final passing thereof, receive the assent of the electors of the said Corporation in the manner provided for in the Municipal Clauses Act, and shall take effect on the 1st day of August, 1905.

11. This By-Law may be cited as the "Electric Lighting Loan By-Law, 1905."

Passed the Municipal Council on the 3rd day of July, 1905.

NOTICE.

Take notice that the above is a true copy of the proposed By-Law upon which the vote of the Municipality will be taken on Friday, the 21st day of July, 1905, at Room 9, in the Public Market Building, Cormorant street, for the North Ward; at Room 7 of the said building for the Central Ward; and at Room 1 of the said building for the South Ward; that the poll will be kept open between the hours of 8 a. m. and 4 p. m., and that W. W. Northcott will be the Returning Officer of the said vote.

VAN ANDA MEETING.

Government Speakers Make Poor Showing Before Opposition.

A joint political meeting was held at Van Anda on Tuesday night addressed by H. Aitken, Hon. Robert Green, John Oliver, M. P. P., Premier McBride and Mr. Oliver to close. The meeting commenced at 7.30 o'clock, and was not closed until 11.

One of the features of the evening was the utter failure of Mr. Green to reply satisfactorily to any of the charges made by Mr. Aitken against his department and against the government, also his assertion, and Mr. Oliver's positive denial, that Oliver refused to allow the investigation of the Kitimaat scandal to cover grants made by Hon. W. C. Wells, Green's predecessor.

Mr. Oliver flatly denied this assertion, when Mr. Green reiterated it and offered to prove it by the Journals of the House.

This was allowed to go until Mr. Oliver arose to reply, when he challenged Mr. Green to produce proof, and offered to donate fifty dollars then and there to any charity selected, if proof was forthcoming. Mr. Green failed to furnish proof.

LOCAL NEWS.

—A meeting of the Capital Gun Club will be held this evening, commencing at 8 o'clock, at 35 Johnson street.

—Tenders are being called for by Wm. W. Northcott, purchasing agent for the corporation, for the supplying of 1,000 feet of 12-inch and 12,000 feet of 4-inch cast-iron water pipe as per standard specification of the Victoria waterworks. These will be received up to Monday, the 18th of September. The tenders for supplying and delivering sand for filtering purposes at the filter beds, Beaver lake, will also be received up to Monday, the 18th of September.

—The sad news has been received by Mrs. Blankinback, of Cadboro Bay, that her brother, Major Villiers Sankey, has lost his life by drowning. Major Sankey and two assistants, Hull and Beauchamp, of the G. T. P. survey, were drowned in Lake Manitoba on Monday last by their canoe upsetting in a gale. Claude Temple, the fourth man of the party, escaped by clinging to the canoe for hours. Major Sankey recently resigned the city surveyorship of Toronto to undertake the work.

NATIONAL CONVENTION.

Of the Young People's Christian Union—Progress During the Year.

(Associated Press.)

Hartford, Conn., July 13.—A devotional service, led by Miss Laura Ikendall, of Massachussetts, opened the first day's session of the national convention of the Young People's Christian Union here today. The convention organized for business at the close of the devotional service. President Louise Anna Ames, of New York city, called it to order. The roll call by the states brought responses from all sections of the United States.

In the report of the national secretary, Harry Adams Hersey, the figures submitted the state secretaries showed a membership of approximately 9,000, of which number 6,500 were in the senior and 2,500 in the junior union. The year's gain in membership has been about 1,000. Financially the year has been a satisfactory one. He said the total receipts exceeded those of 1904 by $684.

PERSONAL.

H. M. Walker, who has been publishing the Enderby Edenograph, was in the city yesterday on his way to Los Angeles. Mr. Walker has sold the Edenograph to Fraser Bros. and goes to join the Segnogram Publishing Co. at Los Angeles. This company is conducted on similar lines to Elbert Hubbard's shop at Roycroft.

Cook's Cotton Root Compound.

Ladies' Favorite,
Is the only safe, reliable regulator on which woman can depend "in the hour and time of need."
Prepared in two degrees of strength. No. 1 and No. 2.
No. 1.—For ordinary cases is by far the best dollar medicine known.
No. 2—For special cases—10 degrees stronger—three dollars per box.
Ladies—ask your druggist for **Cook's Cotton Root Compound.** Take no other as all pills, mixtures and imitations are dangerous. No. 1 and No. 2 are sold and recommended by all druggists in the Dominion of Canada. Mailed to any address on receipt of price and four 2-cent postage stamps. **The Cook Company, Windsor, Ont.**

Nos. 1 and 2 are sold in all Victoria drug stores.

NOTICE TO CONTRACTORS.

Sealed tenders, superscribed "Tender for School-house," will be received by the undersigned up to noon of Thursday, the 20th July, 1905, for the erection and completion of a large one-room frame school-house at South Saanich, B. C.

Plans, specifications, contract and forms of tender may be seen on and after the 12th July, 1905, at the Lands and Works Department, Victoria, and at the office of E. R. J. Turgoose, Esquire, Secretary of the School Board, Saanich.

Each proposal must be accompanied by cash or an accepted bank cheque or certificate of deposit on a chartered bank of Canada, made payable to the undersigned, in the sum of $50, which shall be forfeited if the party tendering decline to enter into contract when called upon to do so. The cash, cheques or certificate of deposit of unsuccessful tenderers will be returned to them upon the execution of the contract. The successful tenderer will be required to furnish a bond, himself and two sureties in the sum of $300 each, for the due fulfilment of the work contracted for to the satisfaction of the Honorable the Chief Commissioner. Upon the execution of the bond the cash, cheque or certificate of deposit above mentioned will be returned to the contractor.

Tenders will not be considered unless made out on the forms supplied, and signed with the actual signature of the tenderer.

The lowest or any tender not necessarily accepted.

W. S. GORE,
Deputy Commissioner of Lands & Works.
Lands and Works Department,
Victoria, B. C., 10th July, 1905.
